MEDICAL LAW OF MICHIGAN

Section 1. That the Governor shall appoint, by and with the advice and consent of the senate, ten resident electors of the State, who shall constitute a Board of Registration in Medicine. Not more than five of the persons so appointed shall be from the school of medicine known as regular; not more than two persons so appointed shall be from the school of medicine known as homeopathic; not more than two of the persons so appointed shall be from the school of medicine known as eclectic; and not more than one of the persons so appointed shall be from the school of medicine known as physio-medical, and the Governor may select such appointees from the latest lists filed in the office of the Secretary of State at Lansing by each of the four legally incorporated State Medical Societies of the schools of medicine as herein mentioned aforesaid, such lists to be certified to under oath of the president and secretary of each society respectively, and such lists to contain at least treble the number of names as each society has representatives on the board. But in the event that one or more of the societies above named, through their presidents or secretaries shall from any cause neglect, omit or refuse to file as aforesaid, such lists or list, then and in that case the Governor shall appoint or fill the vacancies in said board without reference to such list or lists which the aforesaid society or societies have for any cause neglected, omitted or refused to file with the Secretary of State, as herein mentioned aforesaid; but the number of representatives from each of the schools of medicine shall be the same as provided for in this act. All persons so appointed shall be legally registered physicians of this State, shall be graduates in good standing of reputable colleges, and shall have been actively engaged in the practice of medicine in this State for at least six years immediately preceding the time of such appointment. The ten persons so appointed shall be appointed in two classes, each class to consist of five persons. The first class shall consist of those physicians appointed by the Governor under act number two hundred and thirty-seven, laws of eighteen hundred ninety-nine, October first, A. D. nineteen hundred one, who shall serve during the time for which they were so appointed, namely: To October first, nineteen hundred five; and the second class shall be appointed to hold office for four years beginning with the first day of October of the present year, and both classes shall hold office until their successors are appointed; and thereafter the Governor shall appoint, before the first day of October of each biennial period, five persons qualified as aforesaid, in each class, to hold office for four years from the first day of October next ensuing. No member of said board shall belong to the faculty of any medical college or university. The Governor shall also fill vacancies occasioned by death or otherwise, and may remove any member for the continued neglect of duties required by this act. Vacancies in said board shall be filled in accordance with the provisions of this act, for the establishment of the original board, and a person appointed to fill a vacancy shall hold office during the unexpired term of the member whose place he fills. The business of said board shall be transacted by and receive the concurrent vote of from at least seven members.

Sec. 2. The members of said board shall meet on the second Tuesday of October, eighteen hundred ninety-nine, at the State capitol at Lansing, and shall then elect a president from their own number, and a secretary who need not be of their number, but each of whom shall hold their respective offices for two years, and shall have the power to administer oaths. Not less than seven members shall constitute a quorum of said board for transaction of business. The secretary shall give to the Treasurer of the State a bond in the penal sum of five thousand dollars, with sufficient sureties to be approved by the Governor, for the faithful discharge of his duties. The said board shall hold two regular meetings in each year, beginning with the year eighteen hundred ninety-nine; one on the second Tuesday of October, eighteen hundred ninety-nine, and one on the second Tuesday of June, nineteen hundred, and so on, and such additional meetings at such times and places as it may determine.

Sec. 3. On and after the date of the taking effect of this act, all men and women who are not already legally registered under act number two hundred thirty-seven of the Public Acts of eighteen hundred ninety-nine, and acts amendatory thereto, and who wish to begin the practice of medicine, surgery and midwifery in any of its branches in this State, shall make application to the board of registration in medicine, to be registered and for a certificate of registration. This registration and certificate shall be granted to such applicants as shall furnish satisfactory proofs of being at least twenty-one years of age, and of good moral and professional character, but only upon compliance with the following conditions contained in one or either of subdivisions one and two of this section.

First. The applicant shall be registered and given a certificate of registration if he or she shall satisfactorily pass an examination under the immediate authority and direction of the board upon the following subjects: Anatomy, histology and embroyology, physiology, chemistry and toxicology, bacteriology, pathology, diagnosis, hygiene and public health, medical jurisdiction, disaeses of the eye, ear, nose and throat, obstetrics, gynecology and surgery, and such additional subjects made necessary by advances in medical education as the board may designate, said examination to be conducted as follows:

(a) The examination may be taken as a whole in all of the subjects as aforesaid, and shall be designated as the primary-final examination, or said examination may be divided into a primary examination upon the subjects of anatomy, histology and embryology, physiology, chemistry and toxicology and bacteriology, and a final examination upon the remaining subjects as aforesaid, not included in the primary examination.

(b) The applicant shall file with the secretary of the board, at least one week prior to an examination, an approved application, through a blank furnished by the board, covering the detail of his or her personal history, and preliminary and medical education and such other evidence of qualification as the board may require.

(c) The board may make such rules and regulations governing the conduct of the examinations as it shall deem necessary, and wilful violation of such rules and regulations shall subject the applicant to the loss of the examination and fee.

(d) The examination shall be made as practical as possible in order to test the applicant's qualifications as a practitioner of medicine, the method of which shall be in accordance with the board's best judgment, and may be a written, clinical, laboratory or oral examination, or a combination of one or more of the above methods.

(e) An average percentage of at least seventy-five per cent of correct answers on all the subjects listed under this section, and of not less than fifty per cent on each subject, shall be required of every applicant; provided, that in the case of a qualified applicant who has been in reputable and legal practice at least five years, at the discretion of the board, this requirement of minimum percentage may be modified by the board to meet the necessities of the individual case. An accepted applicant for the primary-final examination, or for the final examination, as noted in subdivision one (a) of this section, shall have a diploma from a legally incorporated, regularly established and recognized college of medicine within the states, territories, districts and provinces of the United States, or within any foreign country, having as a minimum requirement a four years' course of eight months in each calendar year: Provided, that such applicant shall have, prior to the beginning of his or her course in medicine, or registration or matriculation in a recognized medical college, as a minimum requirement, a diploma from a recognized and reputable high school, academy, college or university, having a classical course, or an equivalent credential, or shall pass an examination equivalent at least to the minimum standard of preliminary education adopted and published by the board before a board of preliminary examiners appointed by and in accordance with the regulations of aforesaid board, and at such time and place as the board may designate. The applicant shall pay to such board of preliminary examiners a fee of five dollars prior to the examination: Provided, a student entering a college in Michigan, having a preliminary examination of a standard approved by the board of registration in medicine, shall not be required to take this examination: Provided, that this requirement of preliminary education shall not apply to those students who on the fourteenth day of October, nineteen hundred three, were regularly registered as students of legally organized and recognized medical colleges, but that the standard of preliminary education shall equal at least the minimum standard in force in this state at the date of aforesaid registration of students: And provided, also, that a higher requirement of medical education shall not apply to those graduates of legally organized and recognized medical colleges who had graduated from such colleges prior to the date of the passage of act number one hundred ninety-one of the Public Acts of nineteen hundred three, but that the standard of medical education shall equal at least the minimum standard in force in this state at the date of graduation. Students of medicine in regular attendance at a recognized medical college and endorsed by said board as having fulfilled the legal requirements of the state for entrance to, or matriculation in, recognized medical colleges, and who have completed, in accordance with the board's adopted minimum standard of medical education, in such recognized medical college, through attendance and examination, and not prior to the termination of the second year in such institution, among others the subjects of anatomy, histology, and embryology, physiology, chemistry and toxicology, and bacteriology, shall have the right to a primary examination, as recorded under subdivision, one (a) of this section, upon prescribed subjects, said examination to be held at such times and places as may be determined by the board, and to receive from the board a certificate showing the credits received in the several subjects upon which an examination shall have been had as aforesaid, and such credits obtained shall, at the election of the student, be included in and form a part of the examination heretofore called the final examination under subdivision one (a) of this section: Provided, that subsequent to graduation from a recognized medical college, in said final examination for a certificate of registration the applicant shall, if presenting said credits to the board at the time of his or her application for examination, be examined only in those remaining subjects prescribed under subdivision first of this section and which have not been listed as subjects of aforesaid primary examination. The applicant shall pay to the board a fee of twenty-five dollars prior to the examination, divided as follows: Ten dollars for the primary examination and fifteen dollars for the final examination. If such examinations are taken together, or as a whole, the fee shall be twenty-five dollars for such primary-final examination. No additional fee for registration shall be charged to those who successfully pass the examinations. The board shall, in the recognition of medical colleges, in its discretion, list such colleges in three or more classes or groups: Group one including those colleges which fulfill the advanced requirements of this act and which maintain the board's standards of preliminary and medical education; group two including those colleges which have fulfilled the standard of medical education demanded by this state at the date of the diploma; and group three including those colleges whose courses are recognized only for advanced standing in recognized colleges listed under group one: Provided, that a diploma issued by a medical college listed by the board in one or more of the groups or classes as aforesaid, shall be recognized as a qualification under this act, in the event only of its representing the actual standards of preliminary and medical education within the provisions of this act. The board of registration in medicine shall, from time to time adopt minimum standards of preliminary and medical education, and no high school, academy, college, university or medical college, or other institution or board, shall be approved and designated or its diploma or certificate be recognized by said board under subdivision one of section three of this act, unless in the judgment of the board, it conforms with such standard:

Second. The applicant may, at the discretion of the board, be registered and given a certificate of registration if he or she shall present satisfactory proof of the possession of a certificate of registration or license which has been issued to said applicant within the states, territories, districts or provinces of the United States, or within any foreign country, where the requirements for the registration of said applicant at the date or his or her license shall be deemed by said board of registration in medicine to be equivalent to those of this act. The fee for registration from applicants of this class shall be fifty dollars, and for the endorsement of a certificate to another state five dollars.

Third. The board is authorized to issue a license or certificate of registration to any person who desires to practice a system of treatment of human ailments or diseases, and who does not in such treatment use drugs or medicines, internally or externally, or who does not practice surgery or midwifery, under the provisions of this act: Provided, that the applicant for such license or certificate of registration shall have an accredited diploma from a high school, academy, college or university, or an equivalent credential, or shall pass an examination before the board of preliminary examiners, such examination to be equivalent to a recognized high school diploma, as provided in subdivision one of this section, and shall pass an examination before the board upon the following subjects: Anatomy, histology, and embryology, physiology, chemistry, bacteriology, pathology, diagnosis, hygiene and public health. This examination shall be concurrent with and equivalent to the examination provided for practitioners of medicine under section three, subdivision one, of this act, and shall be in harmony with the provisions of this section and subdivision covering such examination in the subjects as above specified: Provided, however, that such examination shall be a continuous one and not subject to a division into a primary and a final examination. The fee for such examination shall be fifteen dollars. A practitioner under this subdivision shall not be permitted to use in any form the title of "doctor" or "professor" or any of their abbreviations, or any other sign or appellation to his or her name which would in any way designate him or her as a physician or surgeon qualified under the provisions of section three, subdivisions one and two of this act, or in violation of the provisions of this act. All persons granted a certificate of registration or license under the provisions of this subdivision three, shall also conform to the provisions of act number two hundred thirty-seven of the Public Acts of eighteen hundred ninety-nine, and acts amendatory thereto, except as provided in this subdivision: Provided, that all practitioners described in section three, part three, who have been granted a diploma by a college incorporated for the purpose of teaching their method of treatment and who file with the state board of registration in medicine, prior to October one, nineteen hundred thirteen, an affidavit stating that they have practiced in the state of Michigan for a period of two years prior to September one, nineteen hundred thirteen, shall be registered and authorized to practice without examination under the provisions of section three, part three, of this act. A fee of five dollars must accompany each application for registration under this provision.

Fourth. If any person shall unlawfully obtain and procure himself or herself to be registered under this section, whether by false and untrue statements contained in his application to the board of registration of medicine, or by presenting to said board a false or untrue diploma, certificate or license, or one fraudulently obtained, he shall be deemed guilty of a felony, and upon conviction thereof shall be punished by a fine of not less than three hundred dollars nor more than five hundred dollars, or by any imprisonment at hard labor for not less than one year nor more than three years, or both, at the discretion of the court, and shall forfeit all rights and privileges obtained or conferred upon him by virtue of such registration.

Fifth. Any person who shall swear falsely in any affidavit or oral testimony made or given by virtue of the provisions of this act, or the regulations of the board of registration of medicine, shall be deemed guilty of perjury, and, upon conviction thereof, shall be subject to all the pains and penalties of perjury.

Sixth. The board of registration of medicine may refuse to issue or continue a certificate of registration or license provided for in this section, to any person guilty of grossly unprofessional and dishonest conduct. The words "unprofessional and dishonest conduct," as used in this act, are hereby declared to mean:

(a) The procuring, aiding or abetting in procuring a criminal abortion.

(b) The obtaining of any fee on the assurance that an incurable disease can be permanently cured.

(c) The wilfully betraying of a professional secret.

(d) All advertising of medical business in which grossly improbable statements are made, or where specific mention is made in such advertisements of venereal disease or diseases of the genito-urinary organs.

(e) Having professional connection with, or lending one's name to an illegal practitioner of medicine; or having professional connection with any person or any firm or corporation who advertises contrary to the provisions of this section, or with any person who has been convicted in a court of competent jurisdiction under the provisions of this section.

(f) All advertising, of any nature or kind, of any medicine, or of any means for the regulation or re-establishment of the menses.

(g) All advertising of any matter of an obscene or offensive nature derogatory to good morals or contrary to act number sixty-two of the Public Acts of nineteen hundred eleven.

(h) Employing or being employed by any capper, solicitor or drummer for the purpose of securing patients; or subsidizing any hotel or boarding house with a like purpose, or paying, or offering to any person, money or any other things of value with a like purpose, or advertising to do so in any form whatsoever; or the division of fees in a consultation or a reference of a patient to a specialist, when no actual professional service is rendered by the physician referring the case, without the knowledge of the patient or the person concerned in the payment thereof.

(i) Being guilty of offenses involving moral turpitude, habitual intemperance, or being habitually addicted to the use of morphine, opium, cocaine or other drugs having a similar effect; or of prescribing or giving away any substance or compound containing alcohol or drug for other than legal and legitimate therapeutic purposes.

Seventh. It shall be a misdemeanor for any person to be guilty of "unprofessional and dishonest conduct" as defined in this act. Any person who has been issued a certificate of registration or license under this act, and who shall be charged with the commission of such misdemeanor, shall be tried in a court of competent criminal jurisdiction, and upon conviction thereof shall be fined for each offense not to exceed two hundred and fifty dollars, or shall be imprisoned in the county jail not to exceed three months, or may be both fined and imprisoned, in the discretion of the court. The creation of such misdemeanor by this act shall not be construed to supersede any existing remedy or punishment, whether civil or criminal, for any act embraced within the provisions of this act, but shall be construed to be in addition thereto.

The board of registration in medicine may, upon the filing with it of a duly certified copy of a final conviction obtained in accordance with the provisions of this act, revoke or suspend for a limited period, not less than six months, the certificate or license of the person so convicted. The said board of registration in medicine may also revoke any certificate of registration or license of any person guilty of a criminal offense created by or embraced within the provisions of this act or within the provisions of any state, provincial, territorial or federal act in the United States or in foreign countries, when such criminal offense or such fraud or perjury shall have been legally established in a court of competent jurisdiction. Said board may revoke any certificate of registration or license heretofore or hereafter granted upon mistake of material fact or by reason of fraudulent misrepresentation of fact by such applicant. Any person charged with a violation of the provisions of this subdivision seven of section three shall have a fair hearing before the board, upon sufficient notice of such hearing; provided, that this section shall not apply to such forms of contract practice as are from time to time endorsed by this board.

Sec. 4. The person receiving a certificate of registration shall file the same, or a certified copy thereof, with the County Clerk in the county where he resides, and said Clerk shall file said certificate or the certified copy thereof, and enter a proper memorandum thereof in a book to be provided and kept for that purpose, and may collect therefore a fee of fifty cents for each certificate or copy thus filed. And said County Clerk shall on the first day of each month furnish to the secretary of said board a list of all certificates filed in his office during the preceding month on a blank provided for that purpose, and upon notice to him of the change of location or death of a person granted a certificate, or upon the revocation of the certificate granted such person, said County Clerk shall enter at the appropriate places in the record so kept by him a memorandum of said facts; so that the record so kept by said County Clerk shall correspond with the records of said board, so kept by the secretary thereof. In case a person having thus filed a certificate shall move into another county of the State, he shall procure from said County Clerk a certified copy of said certificate, and file the same with the said County Clerk of the county to which he shall so remove. Said County Clerk shall file and enter the same with like effect, as if the same was the original certificate.

Sec. 5. All moneys received by said board shall be paid to the State Treasurer monthly, and shall be credited to the general fund of the State, and a receipt for the same shall be filed by the secretary of the said board in the office of the Auditor General. The incidental and traveling expenses of said board, and such salary to the secretary as said board may fix, shall be paid from such fund only. The members of said board, except the secretary, shall receive no compensation for their services, except necessary traveling and hotel expenses in attending meetings of said board; and in no case shall any more be paid than was actually expended. Such incidental and traveling expenses shall be approved by said board and sent to the Auditor General of the State, who shall draw his warrant upon the State Treasurer for the amounts due as in case of other bills and accounts under the provisions of law; provided, that the amount so paid shall not exceed the amount received by the Treasurer of the State from said board in fees, as herein specified, and as much of said receipts as may be necessary is hereby appropriated for the compensation and expenses of said board as aforesaid.

Sec. 6. Said board shall collect from the various County Clerks of the State, each month, a report of all registrations made. Said board shall also keep record of all moneys received and disbursed by it each month, and said record shall always be open to inspection at the office of the Secretary of State. Said board shall annually report to the Governor, on or before the first day of January of each year, the condition of medicine and surgery in this State, which report shall contain a full and complete record of all its official acts during the year, and shall also contain a statement of its receipts and disbursements.

Sec. 7. Any person who shall practice medicine or surgery in this State, or who shall advertise in any form or hold himself or herself out to the public as being able to treat, cure or alleviate human ailments or diseases, and who is not the lawful possessor of a certificate of registration or license under and pursuant to act number two hundred thirty-seven of the Public Acts of eighteen hundred ninety-nine, or acts amendatory thereto, or without first complying with the provisions of this act, except as heretofore provided in section three of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than two hundred dollars, or by imprisonment in the county jail for a period of not more than six months, or by both such fine and imprisonment, in the discretion of the court, for each offense. It shall be the duty of the prosecuting attorneys of the counties of this state to prosecute violations of the provisions of this act.

Sec. 8. This act shall not apply to the commissioned surgeons of the United States army, navy or marine hospital service, in actual performance of their official duties, nor to regularly licensed physicians and surgeons from out of this state, in actual consultation with physicians and surgeons of this state, nor to dentists in the legitimate practice of their profession, nor to temporary assistance in cases of emergency, nor to the domestic administration of family remedies, nor to osteopaths practicing under the provisions of act number one hundred sixty-two of the Public Acts of nineteen hundred three, nor to optometrists registered under act number seventy-one of the Public Acts of nineteen hundred nine, nor to chiropodists who confine their practice to chiropody and who do not use title of "doctor" or "professor" or any of their abbreviations, or any other prefix or affix in a medical sense to their names nor to persons who confine their ministrations to the sick or afflicted to prayer and without the use of material remedies.

Sec. 9. Any person who shall append the letters "M. D." or "M. B." or other letters in a medical sense, or shall the title of "doctor" or its abbreviation, or any sign or appellation in a medical sense to his or her name, it shall be prima facie evidence of practicing medicine within the meaning of this act. In this act, unless otherwise provided, the term "practice of medicine" shall mean the actual diagnosing, curing or relieving in any degree, or professing or attempting to diagnose, treat, cure or relieve any human disease, ailment, defect or complaint, whether of physical or mental design, by attendance or by advice, or by prescribing or furnishing any drug, medicine, appliance, manipulation or method, or by any therapeutic agent whatsoever.

Sec. 10. It shall be the duty of the assessing officer at the time of making the annual assessment to make out a list of physicians residing within his township, village, district, ward or city, with the name, age and sex of each, and the length of time each has been engaged in practice. Such list shall be returned by the assessing officer to the county clerk, and by the county clerk recorded in a book in which are kept the records of the board, and annually on or before the first day of January such clerks shall furnish certified lists of the same to the secretary of this Board.

Sec. 11. An act entitled "An act to promote public health," approved June six, eighteen hundred eighty-three, and the act amendatory thereto, approved June twenty-seven, eighteen hundred eighty seven, except as to all penalties which shall have accrued thereunder, are hereby repealed.

Approved May 4th, 1913.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES

ABBREVIATIONS

R, Regular—H, Homoeopathic—Ecl, Eclectic—P M, Physio-Medical--*, No report received—§, Holds certificate of Examining Board—R D 1, Rural Free Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population. The first number (the key to which will be found on page 143 and following) indicates the college of graduation, and the last number the year.

MEDICAL LAW OF MINNESOTA

Section 2295. Board of Medical Examiners, Officers, Records: The State Board of Medical Examiners shall consist of nine qualified resident physicians, appointed by the Governor, each for the term of three years and until his successor qualifies. No member thereof shall serve for more than two successive terms, nor shall any instructor or person financially interested in a medical school be appointed thereto; and it shall at all times include three homeopathic physicians. Vacancies shall be filled by like appointment for the unexpired term. The board shall elect from among their number a president, a secretary and a treasurer, and shall adopt a seal. It shall hold examinations at the seat of government on the first Tuesday in January, April, June and October of each year, and at such other times as it shall deem best. The secretary shall keep a record of all its proceedings, including a register of all applicants for license, giving their ages, a description of their education in medicine, and the result of their examination. Said books and register shall be prima facie evidence of all the matters therein recorded.

Sec. 2296. Examination and License: A person not already authorized to practice medicine in the State, and desiring so to do, shall apply to secretary of the board of examination, and pay a fee of $10 for the use of the board, which in no case shall be refunded. At a time appointed, or at the next regular examination, he shall prove that he has completed four entire sessions of twenty-six weeks each at a medical school recognized by the board, no two sessions having been held in one year, or, if such attendance was prior to the year 1899, three sessions shall suffice. He shall be examined in anatomy, chemistry, histology, obstetrics, pathology, physiology, preventive medicine, the diagnosis and treatment of medical and surgical diseases, and such other branches as the board shall deem advisable. After such examination the board, if seven members thereof consent, shall grant him a license to practice medicine. The examination shall be both scientific and practical and shall thoroughly test the fitness of the candidate. All answers concerning the treatment peculiar to any school of medicine shall be examined, and their efficiency passed on, by the members of the board belonging to that school, and their recommendations thereon shall be final. The board may refuse to grant a license to, or may revoke the license of any person guilty of immoral, dishonorable or unprofessional conduct, but subject to right of applicant to appeal to the District Court.

Sec. 2298. Record of Licenses—Report to Secretary.—Before engaging in practice, the holder of a license shall file the same for record with the Clerk of the District Court in the county where he resides. On removal to another county he shall there file his license in like manner before engaging in practice therein. Such Clerk shall keep, in the record book of such license, an index thereof, showing the date and page of record, and in January of each year shall furnish to the Secretary of the Board a list of licenses so filed. On notice to the Clerk of the death or removal of a license, or of the revocation of a license, he shall note the same on the record of such license.

Sec. 2299. Exemptions.—This subdivision shall not apply to commissioned surgeons of the United States army or navy, to physicians from other States in actual consultation here, or to students practicing under the direct supervision of a preceptor while they are enrolled in and regularly attending a recognized medical school.

Sec. 2300. Practicing Without License—Penalty.—Every person not heretofore authorized by law so to do who shall practice medicine in the State without having obtained the license herein provided for, and every person who shall so practice contrary to any provision of this subdivision, shall be guilty of a misdemeanor, the minimum punishment whereof shall be a fine of $50 or imprisonment for ten days. Any person shall be regarded as practicing within the meaning of this subdivision who shall append the letters M. D., or M. B., to his name, or for a fee prescribe, direct and recommend for the use of any fracture or bodily injury, infirmity or disease; provided this section shall not apply to dentists.

MEDICAL RECIPROCITY ACT

(Chapter 236. Laws 1905)

An Act Authorizing Physicians From Other States to Practice Medicine in Minnesota. Be it enacted by the Legislature of the State of Minnesota:

Section 1. That the State Medical Examining Board, either with or without examination, may grant and license to any physician licensed to practice by a similar board of another State, and who holds a certificate of registration showing that an examination has been made by the proper board of any State on which an average grade of not less than 75 per cent, was awarded the holder thereof, the said

BURN-BRAE, A Private Hospital for Mental and Nervous Diseases
CLIFTON HEIGHTS - PA.

applicant and holder of such certificate having been at the time of said examination the legal possessor of a diploma from a medical college in good standing in this State, which said diploma may be accepted in lieu of an examination as evidence of qualification. In case the scope of said examination was less than that prescribed by this State the applicant may be required to submit to an examination in such subjects as have not been covered. The fee for such examination shall be $50.

A certificate of registration or license issued by the proper board of any State may be accepted as evidence of qualification for registration in this State; provided, the holder thereof was at the time of such registration the legal possessor of a diploma issued by a medical college in good standing in this State, and that the date thereof was prior to the legal requirements of the examination test in this State.

Sec. 2. If by the laws of any State or the rulings or decisions of the appropriate officers or boards thereof, any burden, obligation, requirement, disqualification or disability is put upon physicians registered in this State or holding diplomas from medical colleges in this State which are in good standing therein, affecting the right of said physicians to be registered or admitted to practice in said State, then the same or like burdens, obligations, requirements, disqualifications or disability shall be put upon the registration in this State of physicians registered in said State or holding diplomas from medical colleges situated therein.

Sec. 3. All acts and parts of acts inconsistent with this act are hereby repealed.

Sec. 4. This act shall take effect and be in force from and after its passage.

Approved April 18, 1905.

(CHAPTER 474—H. F. No. 969)

An Act to Amend Section 2296, Chapter 35. Revised Laws of Minnesota for the Year 1905, Relating to the Examination and License of Physicians and Surgeons.

Be it enacted by the Legislature of the State of Minnesota.

Section 1. That section 2296, Chapter 35, Revised Laws of Minnesota for the year 1905, be and the same is hereby amended so as to read as follows:

2296. Examination and License.—A person not already authorized to practice medicine in the State and desiring so to do shall apply to the Secretary of the Board for examination and pay a fee of ten dollars for the use of the board, which in no case shall be refunded.

At a time appointed or at the next regular examination he shall prove that he has completed four entire sessions of twenty-six weeks each at a medical school recognized by the board, no two sessions having been held in one year; or, if such attendance was prior to the year 1899, three sessions shall suffice.

He shall be examined in anatomy, chemistry, histology, obstetrics, pathology, physiology, preventive medicine, the diagnosis and treatment of medical and surgical diseases and such other branches as the board shall deem advisable.

After such examination the board, if seven members thereof consent, shall grant him a license to practice medicine.

The examinations shall be both scientific and practical and shall thoroughly test the fitness of the candidate. All answers concerning the treatment peculiar to any school of medicine shall be examined and their sufficiency passed upon, by the members of the board belonging to that school, and their recommendations thereon shall be final.

The board may refuse to grant a license to, or may revoke the license of, any person, guilty of immoral, dishonorable or unprofessional conduct, but subject to the right of the applicant to appeal to the District Court in the proper county on the question of law and fact.

Approved April 23, 1909.

Tate Co Med Soc—Sec, J S Eason, Coldwater.

Yazoo Co Med Soc—Sec, S W Purifoy, Yazoo City.

MEDICAL LAW OF MISSISSIPPI

3681 (3243). Duty to Obtain License.—Every person who desires to practice medicine must first obtain a license to do so from the State Board of Health; but this section shall not apply to physicians now holding permanent license, the same having been recorded as required by law. (For penalty, see section 1334: If any person shall practice as a physician or surgeon without having first been examined and obtained a license as required by law, he shall, on conviction, be fined not less than twenty dollars nor more that two hundred dollars, or be imprisoned in the county jail not exceeding thirty days.)

3682 (3244). How License Obtained.—Every person who desires to obtain a license to practice medicine must apply therefor, in writing, to the State Board of Health, at least ten days before the date of examination, and must be examined by said Board touching his learning on the following branches of medicine, viz.: Anatomy, Chemistry, Obstetrics, Materia Medica, Physiology, Pathology, Surgery and Hygiene, and if the applicant be found by the Board, upon examination, to possess sufficient learning in said branches and to be of good moral character, the Board shall at once issue him a license to practice medicine, which shall be signed by all the members of the Board present at said meeting; provided, that no applicant shall be granted a license unless said applicant shall hold a diploma from a reputable medical college that requires a four year's course of at least thirty-two weeks for each session.

3683 (3245). Application for License—What to Contain.—The application for license must state: (1) The applicant's name in full; (2) his place of residence and post office address; (3) his nativity and age; (4) the time spent by him in medical studies; (5) the name and post-office address of the preceptor under whom medical studies were pursued; (6) courses of medical lectures attended; (7) name of medical school attended; (8) if a graduate of a medical college, name thereof; (9) time spent in a hospital; (10) time spent in the practice of medicine, if any; (11) school or system of practice chosen, and (12) references as to his personal character.

3684 (3246). Examinations, When, Where and How Conducted (Laws 1898, ch. 79).—The State Board of Health shall meet at the capitol twice in each year, at such times as may be designated by the board, for the purpose of examining applicants for license to practice medicine, and shall continue in session until all applicants are examined and the examinations approved or disapproved. All examinations as to applicant's learning shall be upon written questions and answers, and the distinctions shall not be made between applicants because of the different systems of schools of practice that may be chosen.

3685 (3247). Fees for Examination.—Every person who shall apply for license to practice medicine shall, before he will be entitled to be examined, pay a fee of ten dollars and twenty-five cents; of which ten dollars are to be divided equally between those members of the board who attend and conduct the examination of the applicant, and twenty-five cents to be paid to the Secretary of the Board for filing and preserving the application for license.

3686 (3248). Form of License.—A license to practice medicine may be of such form as the State Board of Health may prescribe; but it shall contain a statement showing the place of residence, post-office address, and qualification of the applicant, both as to learning and moral character.

3687 (3249). License Must be Recorded—Effect of Failure.—Every person who receives a license to practice medicine must file it in the office of the Clerk of the Circuit Court of the county in which he resides within sixty days from the date of its issuance; otherwise it shall become void. When the license is filed the Clerk shall record the same, with his certificate of the filing thereto attached, in a suitable book to be kept in his office for that purpose, upon the payment by the licensee of the fee provided by law; and, when recorded, he shall deliver the original, on demand, to the licensee. Whenever the licensee shall change the county of his residence and of usual practice, he must, under like penalty, file the original or a certified copy of the license, or of the record thereof, in the office of said Clerk in the county into which he shall move and practice, within sixty days of the time of such removal, to be there recorded in like manner and under like penalty.

3688 (3250). Lost License May be Supplied (Laws 1898, ch. 76).—If a license to practice medicine be issued and be lost, or if the holder of a license fail to have the same recorded within sixty days as required by law, the State Board of Health may, in its discretion, issue a new license.

3689 (3251). Temporary License.—The Secretary of the State Board of Health may issue under his signature a temporary license to any one to practice medicine, which shall be valid until the next succeeding meeting of the board for examining applicants; and such license shall show the date of its issuance, otherwise it shall be void. Only one temporary license shall ever be issued to the same person, and it shall always be made to an individual and not to a partnership. The secretary shall be entitled to twenty-five cents for such license, and the same shall be recorded as a permanent license is required to be, under like penalty for failure.

> "A physician who practices medicine in this State without a license cannot recover for professional services rendered a patient while so practicing, even though prior thereto he had had a temporary license and was prevented by sickness from obtaining a permanent one." Bohn v. Lowery, 77 Miss., 424 (27 So., 604).

3690 (3253). Females Practicing Midwifery.—Females engaged in the practice of midwifery are not prohibited from such practice, but are entitled to engage therein without a license.

3691. Practice of Medicine Defined (Laws 1896, ch. 68).—The practice of medicine shall mean to suggest, recommend, prescribe, or direct for the use of any person, any drug, medicine, appliance or other agency, whether material or not material, for the cure, relief, or palliation of any ailment or disease of the mind or body, or for the cure or relief of any wound or fracture or other bodily injury or deformity, or the practice of obstetrics or midwifery, after having received, or with the intent or receiving therefore, either directly or indirectly, any bonus, gift, profit or compensation; provided, that nothing in this section shall apply to females engaged solely in the practice of midwifery.

> "A practitioner of osteopathy, who treats diseases only by manipulation of the patient's limbs, muscles, ligaments and bones, does not practice medicine within the meaning of this section." Hayden v. State, 81 Miss., 291 (33 So., 635).

3692 (3254). Non-residents.—Licensed physicians who reside without this State and whose practice of medicine extends into it, may obtain license to practice medicine in this State without being examined as to their learning, by presenting a written application for license, in the form prescribed, to the State Board of Health; whereupon the Secretary of the Board shall issue to the applicant a license in the name of the board for which the secretary shall be entitled to receive a fee of twenty-five cents, and the license shall be recorded as hereinbefore provided in each county in which the licensee shall practice, with like penalty for a failure to record as in case of a resident physician. That non-resident physicians not holding license from the State shall not be permitted to practice medicine under any circumstances after remaining in the State five days, except when called in consultation by a licensed physician residing in this State, except as provided in section 3693.

3693. License from Another State Recognized.—The Board of Health may grant license to practice medicine without examination as to learning to graduates in medicine who hold license to practice medicine from another state, provided the requirements in such state are equal to those required by the State Board of Health in this State.

3694 (3255). Books, Blanks and Stationery.—The Board of Public Contracts shall furnish to the State Board of Health such books, blanks, and stationery as may be needed by it in carrying out the provisions of this chapter; and, at the request of the State Board of Health, shall deliver to the Secretary of State, such record-books as the clerks of the Circuit Court may need, in which to record licenses to practice medicine, to be by him promptly and safely transmitted at the cost of the State to such of said clerks as the Board of Health may designate.

3695. Communications Privileged.—All communications made to a physician or surgeon by a patient under his charge or by one seeking professional advice, are hereby declared to be privileged, and such physician or surgeon shall not be required to disclose the same in any legal proceeding, except at the instance of the patient.

3696. Osteopaths.—Any person desiring to practice osteopathy in this State must first obtain a license from the State Board of Health by passing a satisfactory examination on anatomy, physiology, and hygiene only; provided, that graduates of a reputable college of osteopathy now engaged in that practice in this State shall not be examined as to learning, but they shall make satisfactory proof of such graduation and of good character, and pay a fee of twenty-five cents. License to practice osteopathy must be recorded as required by law for license to practice medicine, with like penalty on failure to so record.

NOTE.—Examinations for applicants for license to practice medicine in this State will be held at the capitol in the months of June and October in each year; two days being required for the examination.

W. W. SMITHSON, M. D.,
Secretary.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES

ABBREVIATIONS

R, Regular—H, Homoeopathic—Ecl, Eclectic—P M, Physio-Medical—*, No report received—§, Holds certificate of Examining Board—R D 1, Rural Free Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population. The first number (the key to which will be found on page 143 and following) indicates the college of graduation, and the last number the year.

MEDICAL LAW OF MISSOURI

Sec. 8311. Practitioner Shall Be Registered Physician.—It shall be unlawful for any person not now a registered physician within the meaning of the law to practice medicine or surgery in any of its departments, or to profess to cure and attempt to treat the sick and others afflicted with bodily or mental infirmities, or engage in the practice of midwifery in the State of Missouri, except as hereinafter provided. (Laws 1901, p. 207.)

Sec. 8312. State Board of Health to Have Supervision of Registration.—The State Board of Health shall have general supervision over the registration of all practitioners of medicine, surgery and midwifery in this State. (Laws 1901, p. 207.)

Sec. 8313. Examinations—Subjects to be Passed—Grade.—All persons desiring to practice medicine or surgery in this State, or to treat the sick or afflicted, as provided in Section 8311 of this article, shall appear before the State Board of Health at such time and place as the board may direct, and shall there be examined as to their fitness to engage in such practice. All persons appearing for examination shall make application, in writing, to the secretary of said board thirty days before the meeting. They shall furnish satisfactory evidence of their preliminary qualifications, to-wit. A certificate of graduation from an accredited high school or State normal school, college, university or academy, a certificate from the County School Commissioner, certifying that they have satisfactorily passed an examination equivalent to a grade from an accredited high school or State normal school, college, university or academy. They shall also furnish satisfactory evidence of having received a diploma from some reputable medical college of four years' requirements at the time of graduation; provided, that the time of graduation has been since March 12, 1901, and two years' requirements, if the date of graduation is prior to March 12, 1901, and shall also furnish evidence of good moral character. The medical examination may be made in whole or in part, in writing, and shall be of elementary and practical character, but sufficiently strict to test the qualifications of the candidate as a practitioner, and shall embrace the subjects of anatomy, chemistry, physiology, therapeutics, obstetrics, gynecology, surgery, practice of medicine, bacteriology, medical jurisprudence and hygiene, and such other branches as the State board may direct; provided, that each applicant for license shall have two hours, if necessary, during which to answer the usual number of questions asked on each branch examined upon. The candidate shall be required to answer seventy-five per cent of such questions as are asked him before being granted a certificate; provided, however, that the examination of any applicant in therapeutics shall be conducted by the member or members of said board who represent the system of medicine of which such applicant has been a student. If there shall be no representative of the school or system of which the applicant has been a student, the examination in therapeutics shall be conducted by an examiner appointed for that purpose by the Governor of Missouri, but all examinations other than that in therapeutics shall be conducted as heretofore provided in this article. The Board of Health shall issue to such persons as they shall find upon examination to possess the requisite qualifications a license to practice medicine and surgery in accordance with the provisions of this article, and the State Board of Health shall not be permitted to favor any particular school or system of medicine, but all applicants shall be subjected to the same examination, and the same degree of proficiency shall be required of all. The board shal examine persons applying for a license, although such persons cannot speak the English language, the applicant in all such cases to pay the expenses of an interpreter satisfactory to the board. (Laws 1901, p. 207; amended Laws 1907, p. 359.)

LICENSE ON RECIPROCITY, ACT OF 1905, P. 213

"And it is further provided, that the said State Board of Health may, at their discretion, admit, without examination, legally qualified practitioners of medicine who hold certificates to practice medicine in any State or Territory in the United States or the District of Columbia, with equal requirements of the State of Missouri and that extend like privileges to legally qualified practitioners from this State, upon the applicant paying a fee of $25."

Sec. 8314. License to be Recorded with County Clerk—Recording Fee—Noncompliance a Misdemeanor—Penalty.—Every person holding a license from the State Board of Health shall have it recorded in the office of the county clerk of the county in which he resides, and the records shall be endorsed thereon. And the clerk is authorized to charge a fee of one dollar for recording each license, to be paid by the person offering such license for record. Any person removing to another county to practice medicine or surgery shall have his license recorded in the county to which he removes, and the holder of said license shall pay said clerk of said county the usual fee for making the record. The county clerk shall keep, in a book provided for that purpose, a complete list of the licenses recorded by him, with the date of issue. Any person neglecting to record his license as in this section provided before entering upon the practice shall be guilty of a misdemeanor, and, on conviction thereof, shall be fined not less than fifty dollars, and on failure to record said license for thirty days after such conviction, such person shall be liable to a fine of not less than one hundred dollars. (Laws 1901, p. 207; amended Laws 1909, p. 664.)

Sec. 8315. Practice of Medicine and Treatment of Sick, Etc., Without License Prohibited—Penalty.—Any person practicing medicine or surgery in this State, and any person attempting to treat the sick or others afflicted with bodily or mental infirmities, and any person representing or advertising himself by any means or through any medium whatsoever, or in any manner whatsoever, so as to indicate that he is authorized to or does practice medicine or surgery in this State, or that he is authorized to or does treat the sick or others afflicted with bodily or mental infirmities, without a license from the State Board of Health, as provided in this article, or after the revocation of such license by the State Board of Health, as provided in this article, shall be deemed guilty of a misdemeanor, and punished by a fine of not less than fifty dollars nor more than five hundred dollars, or by imprisonment in the county jail for a period of not less than thirty days nor more than one year, or by both such fine and imprisonment for each and every offense; and treating each patient shall be regarded as a separate offense. Any person filing, or attempting to file, as his own, a license of another, or a forged affidavit of identification, shall be guilty of a felony, and, upon conviction thereof, shall be subject to such fine and imprisonment as are made and provided by statutes of this State for the crime of forgery in the second degree. Said fines to be turned into the State Treasury when collected; provided, that physicians registered on or prior to March 12, 1901, shall be regarded for every purpose herein as licentiates and registered physicians under the provisions of this article. (Laws 1901, p. 207; amended Laws 1907, p. 358.)

Sec. 8316. Fees—Disposition of Same.—In order to provide the means to carry out and maintain the provisions of this article, the said board shall charge each person applying to and appearing before it for examination for a license to practice medicine and surgery a fee of fifteen dollars and should such examination prove unsatisfactory and the State board refuse to issue a license thereon, the applicant failing to pass such examination may return at any meeting within the next twelve months thereafter and be examined without extra charge, but no temporary license shall be issued to such person. All fees so received from applicants for license shall be paid into the State Treasury, and shall be held by the State Treasurer as a separate fund to be disbursed only in payment of expenses of maintaining said Board of Health, and said fund is hereby appropriated for said purpose, and no other money shall be paid out of the State Treasury for the provisions of this article. The State Auditor shall issue his warrant on the State Treasurer for payment out of said fund on the certificate of the president and secretary of the State Board of Health. (Laws 1901, p. 207.)

Sec. 8317. Authority of State Board of Health to Issue or Revoke Licenses to Practice Medicine.—The board may refuse to license individuals of bad moral character, or persons guilty of unprofessional or dishonorable conduct, and they may revoke licenses, or other rights to practice, however derived, for like causes, and in cases where the license has been granted upon false and fraudulent statements, after giving the accused an opportunity to be heard in his defense before the board as hereinafter provided. Habitual drunkenness, drug habit or excessive use of narcotics, or producing criminal abortion, or soliciting patronage by agents, shall be deemed unprofessional and dishonorable conduct within the meaning of this section, but these specifications are not intended to exclude all other acts for which licenses may be revoked. At least twenty days prior to the date set for any such hearing before the board for the revocation of such license, the secretary of the board shall cause written notice to be personally served upon the defendant in the manner prescribed for the service of original writs in civil action. Said notice shall contain an exact statement of the charges and the date and place set for the hearing before the board. If the party thus notified fails to appear, either in person or by counsel, at the time and place designated in said notice, the board shall, after receiving satisfactory evidence of the truth of the charges and the proper issuance and service of notice, revoke said license. If the licentiate appear either in person or by counsel, the board shall proceed with the hearing as herein provided. The board may receive and consider depositions and oral statements, and shall cause stenographic reports of the oral testimony to be taken and transcribed, which, together with all other papers pertaining thereto, shall be preserved for two years. If a majority of the board are satisfied that the licentiate is guilty of any of the offenses charged, the license shall be revoked for such period of time as may be agreed upon. Any person whose license has been or shall be revoked by the board shall have the right to have the proceedings of said board revoking his license and all the evidence therein reviewed, or a writ of certiorari, by the Circuit Court of the county in which said board held its session when said license was revoked. Said writ shall issue upon the petition of the person whose license shall have been revoked to said court or to the clerk thereof in vacation at any time within ninety days after such revocation, and shall command the said board and the secretary thereof to certify to said court the record and proceedings of said board, and a complete transcript thereof, and of all evidence therein pertaining to the revocation of said license. The petitioner for the writ of certiorari shall set forth the rights of the petitioner and the injuries complained of by him and shall be verified by him. If the proceedings of the board shall be sustained or upheld by the Circuit Court, its orders, decisions or judgments revoking said license shall remain and continue in full force and effect. And any such license so revoked by the board shall, pending said review on certiorari, stand revoked and so remain until the proceedings of the board relating thereto shall be quashed or otherwise annulled by the Circuit Court on said writ of certiorari. Testimony may be taken by deposition, to be used in evidence on the trial of such charges before the board in the same manner and under the same rules and practice as is now provided for the taking of depositions in civil cases. (Laws 1901, p. 207; amended Laws 1907, p. 359; Laws 1909, p. 667).

Sec. 8318. Health Commissioner of St. Louis—Duties.—Whenever in this article it is provided that any duty or service shall be performed by any county clerk, such duty or service in the city of St. Louis shall be performed by the health commissioner, as if said officer was specially named to perform these duties and services, and said officer shall receive the same compensation therefor as this article provides shall be paid to the county clerk; provided, further, that whenever in this article the word county is used it shall include the city of St Louis the same as if said city were specially named. (Laws 1901, p. 207.)

Sec. 8319. Act not to Apply to United States Surgeons nor to Gratuitous Service.—It is not intended by this article to prohibit gratuitous service to and treatment of the afflicted, and this article shall not apply to commissioned surgeons of the United States army, navy, public health and marine hospital service. (Laws 1901, p. 207; amended Laws 1903, p. 240; Laws 1907, p. 359.)

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES

ABBREVIATIONS

R, Regular—H, Homoeopathic—Ecl, Eclectic—P M, Physio-Medical—*, No report received—§, Holds certificate of Examining Board—R D 1, Rural Free Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population. The first number (the key to which will be found on page 143 and following) indicates the college of graduation, and the last number the year.

MISSOURI BAPTIST SANITARIUM

"A General Hospital"

919 NORTH TAYLOR AVE. ST. LOUIS, MO.

Owned and controlled by the Baptist General Association of the State. Not run for money making. The profits are used for charity work and for improvements on the property.

A Well Equipped, Quiet, Restful Sanitarium and Hospital for the sick. Large, well-kept buildings. Every comfort.

Every appliance, convenience and accommodation for the best and most successful medical and surgical treatment.

We have one of the largest and best Training Schools for Nurses in the city. Any Christian young woman, over twenty-one years of age, desiring to enter this band of workers and perfect herself for this noble calling, should make application at once, as there are only a limited number of places to be filled. We also have a nurses' registry from which graduate nurses can be supplied on short notice. For further information address—

DR. I. H. CADWALLADER,
Physician-in-Charge.

Drs. Lewright & Whitener

Medical and Surgical Sanitarium Co.

Office, Sanitarium and Hospital, 2001-03-09 E. Grand Ave. **St. Louis, Mo.**

PRIVATE AMBULANCE

STAFF OF PHYSICIANS

H. L. Whitener, M. D. **J. A. Sauls, M. D.**
T. A. Carder, M. D. **A. P. Shellman, M. D.**

This Sanitarium is the most complete of its kind in the United States for the treatment of the sick of any description. In connection with the facilities for our very successful surgery work of all descriptions, we have a complete line of machinery for all electro therapeutic and massage treatment.

Steam baths, shower baths, electric light baths, etc., for ladies and gentlemen.

Prices Very Reasonable. Visitors Always Welcome.

MEDICAL LAW OF MONTANA

1585 (S. 600). Qualificaitons, Appointment and Term.—**The Governor, with the advice and consent of the Senate, shall appoint seven learned, skilled and capable physicians, who shall have been residents of the State of Montana for not less than two years preceding their appointment, not more than two of whom shall be from the same county, and who have attended three courses of lectures, and are graduates of accredited colleges of medicine, who shall constitute the Board of Examiners for the purposes of this act. The physicians so appointed shall hold their respective offices for seven years; provided, that the terms in office of those constituting the** present board shall not be affected by the provisions of this act; and the terms of their successors shall be so arranged as to succeed the present incumbents as their **terms expire; and provided, also that all vacancies occurring shall likewise be filled by appointment by the Governor by the advice and consent of the Senate. Appointments made when the Senate is not in session shall take effect immediately, and may be confirmed at the next ensuing session. (Act approved March 13, 1895.)**

1586 (S. 601). Organization of Board—Register.—**The Board of Medical Examiners must, on the first Tuesday of April of each year, elect from among their number a president, secretary and treasurer, and must have a seal. Four members of said board shall constitute a quorum. The president and secretary have the power to administer oaths in examination of applicants for certificates, and witnesses called before the board in the transaction of business under the provisions of this act. The Board of Examiners must hold meetings for examinations at the seat of government on the first Tuesdays of April and October of each year, and at such other times and at the same and other places as the board may determine. The board must keep a record of all proceedings thereof and also a register of all applicants for a certificate,** with the age of the applicant, time spent in the study of medicine, and the name and **location of all the institutions granting to such applicant degrees or certificates of lectures attended in medicine or surgery. The register must also show whether such applicant was rejected, or has received a certificate under this act; such register is prima facie evidence of all the matters therein kept. (Act approved March 13, 1895.)**

State v. Court, 19 Mont. 506; 48 Pac. 1104.

1587. Examination of Applicants.—**Every person hereafter wishing to practice medicine or surgery in any of the departments of this State shall apply to said board for a certificate so to do. Every person applying shall present his or her diploma to** the said Board of Examiners for verification as to its genuineness; if the diploma is found to be genuine, and is issued by a medical school legally organized and in good standing whose teachers are graduates of a legally organized school, which fact said Board of Examiners shall determine, and if the person presenting and claiming said diploma be the person to whom the same was originally granted, at a time and place designated by said board or at a regular meeting of said board said applicant shall submit to an examination in the following branches, to-wit: anatomy, physiology, materia medica, therapeutics, practice of medicine, surgery, obstetrics, diseases of women and children, diseases of the nervous system, diseases of the eye and ear; and present evidence of having attended four courses of lectures of at least six months each, but such evidence of having attended four courses of lectures shall not be required of the applicants graduating prior to July 1, 1898. Said board shall cause such examination to be both scientific and practical, and of sufficient thoroughness and severity to test the candidate's fitness to practice medicine and surgery; when desired, such examination may be conducted in the presence of the dean of any medical school, or the president of any medical society in this State. After examination, such board, if the candidate has been found qualified, shall grant a certificate to such candidate to practice medicine and surgery in the State of Montana; which said certificate can be granted only by the consent of not less than four members of said board, and which said certificate shall be signed by the president and secretary of said board and attested by the seal thereof; provided, however, that in all cases where an applicant for a certificate under this section shall produce and exhibit to said Board of Examiners a certificate from a Board of Medical Examiners duly appointed and existing under the laws of any State of the United States and recognizing certificates or licenses from this State certifying to the fact that the person presenting such certificate is duly and well qualified to practice medicine and surgery in the State issuing said certificate, and that said board issuing said certificate has subjected the applicant to a thorough examination to ascertain this fact, or certifying to the fact that the person presenting such certificate is duly and well qualified to practice medicine and surgery in the State issuing said certificate; and to the further fact, if such is the case, that said applicant was exempt from examination under the provisions of the law of said State, by reason of his residence in said State in the active practice of medicine and surgery at the time of the passage in said State of said law requiring the examination of applicants to practice medicine and surgery; he or she may, at the discretion of said Board of Examiners, upon paying the fee required of applicants for examination under the provisions of section 1592 (607) of this article, and otherwise complying with all the requirements of this article, receive from said Board of Examiners a certificate to practice medicine and surgery within this State, and upon filing said certificate with the County Clerk of the county in which he resides, as is provided in section 1589 (604) of this article, he shall be a legally qualified practitioner of medicine and surgery in this State; provided, also, that during any period intervening between the sessions of said Board of Examiners, any person desiring to practice medicine in this State may present his or her diploma to the president or secretary of said board, who may issue a certificate good until the next regular meeting of said board; and provided, further, that all physicians and surgeons who hold certificates granted by the now existing Board of Medical Examiners, or who are now legally entitled to practice medicine and surgery in this State shall be exempt from the provisions of this section. (Act approved February 23d, 1903.) (8th Sess. Chap. 13.)

1588. Examination of Applicants for Certificates—Revocation of Certificates—Appeals from Decision of Board.—No person not heretofore licensed to do so shall be permitted to practice medicine in the State of Montana unless he shall have first been subjected to a thorough examination as to his qualifications, learning and professional skill by the State Board of Medical Examiners, nor until he has been issued a certificate by such board after such examination admitting him to practice as a physician and surgeon in the State of Montana. The board may refuse to grant a certificate for unprofessional, dishonorable or immoral conduct. Before a certificate can be refused for such cause, the board must serve, in writing, upon the applicant, a copy of any charge or charges against him, and appoint a day for hearing, at which the applicant or any witness in his behalf may appear and give testimony in refutation of such charges. In case the board, after such hearing refuse a certificate to the applicant, the decision specially stating the ground upon which such refusal was made must be reduced to writing and a copy thereof delivered to the applicant upon demand. Upon a like hearing the board may refuse a certificate to any one who may publicly profess to cure or treat disease, injury or deformity in such a manner as to deceive the public. The hearing provided for herein must take place within twenty days after the service of the copy of the charges upon the applicant, unless further time is granted to the applicant, and the decision of the board must not be later than ten days after the day of hearing. If the decision is not rendered within said period of ten days, the applicant is not subject to any penalties for practicing without a certificate during the time that elapses before the decision is made. The board, with the concurrence of four members thereof, may revoke a certificate for unprofessional, dishonorable or immoral conduct. Before such revocation can take place, a written complaint specifically stating the charges against the person whose certificate is sought to be revoked must be delivered to the board and a copy thereof be served upon such person twenty days before the time fixed by the board for the hearing of such charges. The board must fix the time and place for the hearing, at which the person charged may appear and produce testimony in refutation of such charges. If after such hearing, the board revoke the certificate of such person, the ground upon which such revocation is made must be specifically stated by the board in writing and a copy thereof delivered, on demand, to the person whose certificate is revoked. In all cases of the refusal or revocation of a certificate to practice medicine by said board, the person aggrieved thereby may appeal from the decision of the board as hereinafter provided. An appeal may be taken from the action of the State Board of Medical Examiners in refusing to issue a certificate to practice medicine and surgery to any applicant after examination or from the action of said board in revoking the certificate of any physician or surgeon, to the District Court of the county in which such revocation or refusal was made. The appeal is taken by serving notice of appeal upon the Secretary of the Board of Medical Examiners and the Attorney General of the State within thirty days after notice from the Board of

Medical Examiners of its decision by filing within the same time with the Clerk of the proper District Court, a verified copy of the decision from which appeal is taken, together with a verified copy of any charge or charges preferred against the applicant and filed with the Board of Medical Examiners. The appellant is required, at the time of filing such appeal, to furnish and file with the Clerk of the court a good and sufficient bond to be approved by the Clerk of the court, with two good and sufficient sureties, in the sum of three hundred dollars, guaranteeing the payment of all costs of the appeal should the case be decided against the appellant, and the costs shall consist of the Sheriff's fees for serving jurors, jurors' fees, and the fees of the Clerk of the court. Such appeal shall thereafter be tried by the District Court before a jury of six physicians—not less than two of whom shall be of the same school of medicine as the appellant—and in case such jury cannot be obtained in the county where the case is tried, the judge of such court shall order subpoenas for physicians from any adjoining county or counties, which subpoenas shall be served by the Sheriff of such adjoining county upon receipt, after the Clerk of the court where the subpoena is issued shall have sent by registered mail, such subpoena to such Sheriff.

Bias or prejudice or fixed opinion shall constitute a ground of challenge to a juror for cause, and the appellant and the Medical Board shall each have the right to peremptorily challenge not more than two of such jurors. When the jury shall have been selected and sworn to try the cause, they constituet a higher examining board for the purpose of enquiring into whether or not the judgment of the Board of Medical Examiners should be affirmed or overruled upon the issues presented to such board, and such jury may make such examination of the appellant as they may deem necessary or desirable. It shall take four of the jury to render a verdict, and no member of the Medical Board is qualified to act as a juror. The Attorney General is hereby made the attorney for said board. Jurymen subpoenaed under this act shall be entitled to mileage at the rate of ten cents per mile for each and every mile by them actually traveled in attending upon the court, and of three dollars per day for their services. (Act approved March 5, 1907.) (10th Sess. Chap. 100.)

1589. (S. 604.) Certificate Must be Recorded.—Every person obtaining a certificate from the Board, must, within sixty days from the date thereof, have the same recorded in the office of the County Clerk in the county wherein he resides; if he removes from one county to another to practice medicine or surgery, his certificate must immediately be recorded in the county to which he removes. The County Clerk must indorse upon the certificate the date of record, and he is entitled to charge and receive his usual fees for such services, the fee to be paid by the appellant. Until the certificate be recorded, as provided by this section, the physician practicing under it is subject to the penalties prescribed in the penal code for practicing without a certificate. (Act approved March 13, 1895.)

1590. (S. 605.) Exceptions.—This act shall not apply to midwives of skill and experience, commissioned surgeons of the United States army and navy in the discharge of their official duties, nor to physicians and surgeons in actual consultation from other States and Territories. (Act approved March 13, 1895.)

1591. Practicing Medicine Without Certificate—Penalties.—Any person practicing medicine or surgery within this State without first having obtained a certificate to practice, as provided by law, and after his certificate to practice has been revoked, or contrary to the provisions of this act, shall for each violation of the provisions of this code, or any act relating to the practice of medicine and surgery in this State, be guilty of a misdemeanor, and upon conviction shall be punished by a fine of not more than one thousand dollars, nor less than two hundred and fifty dollars, or by imprisonment in the county jail not exceeding one year, nor less than ninety days, or by both said fine and imprisonment, as the court may determine. Any person, shall be regarded as practicing within the meaning of this act who shall append or affix the letters M. B., or M. D., or the title of Dr. or Doctor, or any other sign or appellation in a medical sense to his or her name, who shall publicly profess to be a physician or a surgeon, who shall profess either on his own behalf, in his own name, in his trade name, or on behalf of any other person, corporation, association, partnership, either as manager, bookkeeper, solicitor or other agent, to cure, treat, relieve, or palliate any ailment, disease or infirmity of the mind or body of another by using or prescribing any drug, medicine or surgical treatment, or who shall recommend, prescribe or direct for the use of any person any drug, medicine, appliance, apparatus, or other agency, whether material or not material, for the cure, relief or palliation of any ailment or disease of the mind or body, or for the cure or relief of any wound, fracture or bodily injury or other deformity, after having received, or with the intent of receiving therefor, either directly or indirectly, any bonus, gift or compensation; provided, however, that nothing in this section shall be construed to restrain or restrict any legally licensed osteopathic practitioner practicing under the laws of this State. Nothing in this act shall prohibit any legally licensed pharmacist or mercantile dealer from selling any drugs or medicines which are now allowed to be sold under the laws of the State of Montana or the United States. (Act approved March 5, 1907.) (10th Sess. Chap. 101.)

1592. Fees for Examination Before State Board.—Candidates for examination shall pay in advance to the Secretary of the Board of Medical Examiners a fee of twenty-five dollars, which fee shall defray the entire expense of said candidates for examination before the aforesaid Board of Examiners. Any one failing to pass the required examination shall be entitled to a second examination within six months, without fee. And the money so received shall be turned over to the State Treasurer, to be by him deposited in the Medical Board Fund, as hereinafter provided. (Act approved March 6, 1907.) (10th Sess. Chap. 114.)

1593. (S. 608.) Compensation—Medical Board Fund.—Each member of the board is hereby allowed the sum of five dollars per day and mileage while in the active and necessary discharge of his duties. And there is hereby established a fund to be known as the Medical Board Fund. And a sum of fifteen hundred dollars is hereby annually appropriated out of any moneys in the State Treasury not otherwise appropriated to meet the expenses incurred in carrying out the provisions of this act. The State Treasurer is hereby dirceted and required to set such sum apart to the credit of such fund, subject to the orders and disbursements as herein provided for. The money in such fund shall only be paid out by warrant on said fund, on an order drawn by the secretary of said board, countersigned by the president. The rate of mileage and attendance before said board shall be the same as is now allowed in Justice of the Peace courts. And the board must report annually on the first Monday in November to the Governor, which report must show all the transactions of the board, giving the number of applications received, and from whom received, the number of certificates granted and rejected, and the names of those receiving certificates and those rejected, giving the reasons therefor, the amount of money received, the expenses, the fees and mileage paid, and by whom received, and the amount of money remaining in said fund. (Act approved March 13, 1895.)

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES

ABBREVIATIONS

R, Regular—H, Homoeopathic—Ecl, Eclectic—P M, Physio-Medical—*, No report received—§, Holds certificate of Examining Board—R D 1, Rural Free Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population. The first number (the key to which will be found on page 143 and following) indicates the college of graduation, and the last number the year.

SYNOPSIS OF MEDICAL LAW OF NEBRASKA

It shall be unlawful for any person to practice medicine, surgery or obstetrics or any of the branches thereof, in this State, without first having applied for and obtained from the State Board of Health a license so to do. Application therefor shall be in writing, and shall be accompanied by the examination fees hereinafter specified and with proof that the applicant is of good moral character. Applications from candidates who desire to practice medicine and surgery in any or all their branches shall be accompanied by proof that the applicant is a graduate of a medical school or college in good standing as defined in Section eight (8) of this article. When the application aforesaid has been inspected by the board and found to comply with the foregoing provisions, the board shall notify the applicant to appear before it for examination at the time and place mentioned in such notice. Examinations may be made wholly or in part in writing by the board and shall be of a character sufficiently strict to test the qualifications of the candidate as a practitioner. The examination of those who desire to practice medicine and surgery in any or all their branches shall embrace those subjects and topics, a knowledge of which is commonly and generally required of candidates for the degree of doctor of medicine by reputable colleges in the United States. All examinations provided for in this Act shall be conducted under rules and regulations prescribed by the board, which shall provide for a fair and wholly impartial method of examination. It is also provided that examinations on practice of medicine and therapeutics shall be conducted by the member, or members, of the Board of Secretaries, who are of the same school of medicine as that of the applicant. And it is further provided, that the said State Board of Health, may at their discretion, admit, without examination, legally qualified medical practitioners, who hold certificates to practice medicine in any State with equal requirements to those of the State of Nebraska.

MEDICAL SCHOOL DEFINED

The term medical school or college in good standing, shall be defined as follows, to-wit: A medical school or college requiring a preliminary examination for admission to its course of study in all the common branches, and in Latin and the higher mathematics, which requirements shall be regularly published in all the advertisements and in each prospectus or catalogue issued by said school, which medical school or college shall also require as a requisite for granting the degree of M. D., attendance upon at least four courses of lectures of six months each, no two of said courses to be held within one year, and having a full faculty of capable professors in all the different branches of medical education, to-wit: Anatomy, physiology, chemistry, toxicology, pathology, hygiene, materia medica, therapeutics, obstetrics, bacteriology, medical jurisprudence, gynecology, principles and practice of medicine and surgery, and specially requiring clinical instruction in the two last named of not less than four hours per week in each during the last two courses of lectures; provided, that this four years clause shall not apply to degrees granted, or to be granted, prior to August, 1898.

DIPLOMAS

It shall be the duty of all persons intending to practice medicine, surgery or obstetrics in the State of Nebraska before beginning the practice thereof, in any branch thereof, to present his diploma to said board, together with his affidavit that he is the lawful possessor of the same, that he has attended the full course of study required for the degree of M. D., and that he is the person therein named. Such affidavit may be taken before any person authorized to administer oaths, and the same shall be attested under the hand and official seal of such official if he has a seal, any person swearing falsely in such affidavit shall be guilty of perjury and subject to the penalty therefor.

If, upon investigation of the proofs submitted to the board, and after the examination, as hereinafter provided, the applicant shall be found entitled to practice, there shall be issued to said applicant the certificate of said board under its seal and signed by its secretaries stating such fact, and it shall be the duty of the applicant before practicing to file such certificate or a copy thereof in the office of the County Clerk in the county in which he or she resides or in which he or she intends to practice; such certificate or copy shall be filed by the County Clerk and by him recorded in a book kept for that purpose, properly indexed, to be called the "Physicians' Register," and for such services the County Clerk shall receive from the applicant the same fees as are allowed to the Register of Deeds for the recording of conveyances.

Sec. 19. Every holder of a diploma from a recognized medical college within the State of Nebraska, making application for an examination and certificate under the provisions of this Act, shall pay to the Board of Secretaries prior to his examination the sum of ten ($10) dollars. All other persons making such application shall pay to said board the sum of twenty-five ($25) dollars. All such fees shall be equally divided among the four Secretaries of the Board as full compensation for their services and expenses. For the taking of any testimony each of the secretaries shall be entitled to charge and receive such fees as are provided for notaries public for similar services. No part of such fees shall be paid out of the State Treasury.

This Act shall take effect and be in force from and after August 1st, 1903.

SPECIAL RULES OF THE BOARD

Each applicant for examination must present to the board letters of recommendation from two registered physicians of the State or such others as may be satisfactory to the board.

No medical school recognized by the board unless said school is recognized by the Association of Medical Colleges of the school of practice to which it belongs.

Applications must be on file at least ten days before the date of examination.

RULES OF THE NEBRASKA STATE BOARD OF HEALTH FOR CONDUCTING MEDICAL EXAMINATIONS

1. An examination is required of each and every one before a license is granted to practice medicine in Nebraska. The law requiring such procedure went into effect August 1, 1903, and will be enforced from that date. Reciprocity is permitted under the Nebraska law with States having requirements of the same standard as those of Nebraska.

2. Each applicant is required to fill and acknowledge application blank furnished by the board. The affidavit must be corroborated by the exhibition of his diploma.

3. Each applicant, if he graduated after August 1, 1898, must show proof that he has attended four full courses of lectures at a recognized medical college, no two courses being in the same year.

4. Each applicant, if he graduated after August 1, 1891, and prior to August 1, 1898, must show proof that he has attended three full courses of lectures at a recognized medical college, no two courses being in the same year.

5. Applicants who graduated at a recognized medical college prior to August 1, 1891, must show proof of having attended two full courses of lectures.

6. A fee of $25 must be paid on filing the application for examination, except that for graduates of medical colleges located in Nebraska the fee is $10. The fee is not returnable in case of failure to pass or non-appearance for examination.

7. Examinations are always in charge of one or more members of the State Board of Health.

8. Each candidate is known by his number, which is arranged as follows: Envelopes are numbered and each contains a blank bearing the corresponding number on which the applicant writes his name and address, this completed blank is returned by the applicant to the envelope and the envelope sealed by him.

9. Each candidate places on his answer papers the number given him; no other marks of identification are allowed on the answer papers.

10. The answer papers are collected and at once sent by express to the member of the board having charge of that subject. Each member examines the answer papers and marks each candidate by placing the marking opposite the candidate's number. These markings are sent to the secretary, who tabulates them and presents the same to the members of the board at a meeting which is held shortly after each examination. When the markings are completed, the envelopes containing the names are opened and these names are placed opposite the corresponding numbers.

11. No dishonest methods are tolerable and any candidate who disregards this rule is debarred from further examination. This rule includes the giving or obtaining aid.

12. Ten questions are given on each paper, and all subjects for examination are covered by the question papers given.

13. The time allowed for each examination paper shall not exceed two hours.

14. No candidate is allowed to leave the room after the question papers have been distributed until he has completed his answers and delivered the same to the member in charge.

15. The examination is in writing and in the English language.

16. A general average at 75 must be attained. Any candidate failing to secure an average of 75 shall be considered to have failed utterly and shall not be entitled to another examination on that application.

17. Candidates from all schools shall answer in common all questions submitted except the questions in materia medica and practice, which are adapted to the school of practice accepted by the candidate. The answer papers upon subjects peculiar to any one school of medicine are sent to the members of this board who are representatives of such school.

18. Candidates shall submit to an examination in the following branches, to-wit: Anatomy, physiology, chemistry, materia medica and therapeutics, practice of medicine, surgery, obstetrics and diseases of women, pathology and such other branches as the board shall deem advisable.

DATE OF EXAMINATIONS

February, August and November—First Wednesday and Thursday after first Tuesday. May—Generally Wednesday and Thursday of the last week of that month.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES

ABBREVIATIONS

R, Regular—H, Homoeopathic—Ecl, Eclectic—P M, Physio-Medical—*, No report received—§, Holds certificate of Examining Board—R D 1, Rural Free Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population. The first number (the key to which will be found on page 143 and following) indicates the college of graduation, and the last number the year.

THE MEDICAL LAW OF NEVADA

Section 1. That it shall hereafter be unlawful for any person, or persons, to practice medicine, surgery or obstetrics in this State without first obtaining a license so to do as hereinafter provided.

Sec. 2. Within thirty days after this law goes into effect, it shall be the duty of the Governor of the State of Nevada to appoint a State Board consisting of five members which shall be known as the Board of Medical Examiners of the State of Navada, and shall be reputable practicing physicians, duly licensed as such by some legally chartered medical institution in the United States and who shall have been actually engaged in the practice of medicine in the State of Nevada, three of whom shall be selected from the school of medicine known as the Regular, one from the school known as the Eclectic, and one from the school known as the Homeopathic. The board shall be selected without regard to their individual political beliefs, and they shall hold office for the time for which they were appointed, viz., two for four years, one for three years, one for two years, and one for one year from the date of their appointment, and shall serve until their successors are appointed and qualified. Hereafter one member shall be appointed annually for the term of four years. In the event of a vacancy occurring in said board, or absence from the State for a period of six months without permission, the Governor shall appoint a person duly qualified under this act to fill the unexpired term.

Sec. 3. Oath.—Each member of said board shall, before entering upon the duties of his office, take the constitutional oath of office, and shall, in addition, make oath that he is a graduate in medicine, and a legally qualified practitioner of medicine in this State.

Sec. 4. The said board shall meet in Carson City, Nevada, on the first Monday in May, 1905, and shall organize by electing from its number a president, vice-president, secretary and treasurer, who shall hold their respective positions during the pleasure of the board. Said board shall hold its regular meetings on the first Monday of May and the first Monday of November of each year, at such time and place as shall be most convenient to the said board, and due notice of all special meetings of the board shall be given by publication twice a week for each of the two weeks next preceding such meeting, in three papers published in the State of Navada. Special meetings of the board may be held at the call of the president, and the same notice thereof shall be given as in the case of regular meetings.

Sec. 5. Rules—Said board may, from time to time, adopt such rules as may be necessary to enable it to carry into effect the provisions of this act. Any member of said board may administer oaths in all matters pertaining to the duties of said board, and the board shall have the authority to take evidence as to any matter cognizable by it. Such board shall procure a seal, and shall receive through its secretary applications for the certificates provided to be issued under this act.

Sec. 6. A majority of said board shall constitute a quorum to transact all business. All certificates issued by said board shall bear its seal and the signatures of its president and secretary, and shall authorize the person to whom it is issued to practice medicine in all its branches in this State, upon complying with the requirements of this act. Said board may, in its discretion, accept and register, upon payment of the registration fee, and without examination of the applicant, any certificate which shall have been issued to him by the Medical Examining Board of the District of Columbia, or of any State or Territory of the United States; provided, however, that the legal requirements of such Medical Examining Board shall have been, at the time of issuing such certificate, in no degree or particular less than those of Nevada at the time when such certificate shall be presented for registration to the board created by this act; and provided, further, that the provisions in this paragraph contained shall be held to apply only to such of said Medical Examining Boards as accept and register the certificates granted by this board without examination by them of the ones holding such certificates.

Sec. 7. After this law goes into effect, any person desiring to practice medicine, surgery or obstetrics or any of the various branches of medicine in this State, shall, before beginning to practice, procure from the State Board of Medical Examiners a certificate that such person is entitled to practice medicine, surgery or obstetrics in this State. In order to procure such certificate the applicant shall submit to the said board his or her diploma, issued by some legally chartered medical school, the requirements of which medical school shall have been at the time of granting such diploma in no particular less than those prescribed by the Association of American Medical Colleges for that year, and he must accompany said diploma or license with an affidavit setting forth the number and duration of terms the applicant was required to be in attendance, and that he is the lawful possessor of the same, that he is the person therein named, and that the diploma or license was procured without fraud or misrepresentation of any kind. Such application shall be accompanied by the affidavit of two freeholders, resident of the same county in which the applicant resides, stating that the applicant is the identical person named in the accompanying diploma, and that he or she is of good moral standing and reputable. In addition to such affidavit, said board may hear such further evidence, as in its discretion, it may deem proper as to any of the matters embraced in said affidavit. If it should appear from such evidence that said affidavit is untrue in any particular, or if it should appear that the applicant is not of good moral character, the application must be rejected. Said board shall retain such diploma such time as is necessary, but in no case shall said board retain such diploma to exceed two weeks. All such diplomas and affidavits shall be addressed to the Secretary of the Board.

Sec. 8. Applicants for certificates to practice medicine, surgery or obstetrics in the State of Nevada shall be required to present a diploma from a legally recognized college, and to pass a satisfactory examination before the State Board of Medical Examiners as to his or her qualifications. The applicant must appear personally before the board, and the examination shall be conducted in the English language, and shall be, in whole or in part in writing, and in each branch shall obtain seventy-five per cent., and shall be on the following subjects, to-wit: Anatomy, physiology, materia medica, and therapeutics, chemistry, bacteriology, pathology, toxicology, obstetrics, surgery, general medicine, diseases of the skin, eye, ear, nose, throat, brain, genito-urinary system. Said examination shall be fair and impartial and the questions of such character as will determine the fitness of the applicant to practice his or her profession. When applicant applies for examination in materia medica and therapeutics and theory and practice of medicine, he shall designate in which school of medicine he desires to practice, and only the member or members of the board who belong to the school so designated shall participate in this part of the examination. Examinations shall be practical in character, and designed to discover the applicant's fitness to practice medicine and surgery. If an applicant fail in his first examination, he may, after not less than six monhts, be re-examined, without additional fee. If he fail in a second examination, he shall not thereafter be entitled to another examination in less than one year after the date of second examination, and shall be required to pay for such examination the full fee. The examination papers shall form a part of the records of said board, and shall be kept on file by the secretary, and said records shall be open to public inspection whenever requested after the examination: provided, that any person who is a regular graduate from a regularly chartered college of the practice of the system of what is generally known and recognized as the drugless system, may present themselves for examination under the regulations hereinbefore specified, and shall be required to pass an examination in all the subjects noted, with the exception of materia medica and therapeutics, and upon the passing satisfactorily of said examination by the board, shall have issued to them a license to practice the said system of drugless medicine in this State, under the same rules and regulations prescribed and required of the practitioners of other systems of medicine. Each applicant, on making application, shall pay to the Secretary of the Board, a fee of twenty-five dollars ($25). at the same time the diploma and affidavit is filed with him, and this fee shall not be returned in the event of the applicant's failing to pass a satisfactory examination. Any person who may hereafter be granted a license to practice medicine and surgery in this State under this act, upon the grounds of reciprocity with other States and without examination, shall pay a fee of twenty-five dollars ($25) for such license.

Sec. 10. Said board shall procure a book for the purpose of recording the names of all persons to whom it issued certificates. In this book shall be entered the names of applicants, together with the name of the school granting the diploma, the date of the diploma, the number of terms the applicant attended school, residence of applicant, and the date of issuance of certificate. This book shall be retained by the secretary, who shall note the unsuccessful applicants, furnishing the same information as is given above. he secretary shall furnish each County Clerk in this State a complete list of persons to whom certificates have been issued, after each meeting of the board. Such list shall be retained and filed by the County Clerk, and it shall show the name, age and location of the holder of each certificate, together with the name of the institution conferring the degree, and the date of the issuance of certificate.

Sec. 11. The members of the board shall serve without compensation, except that their actual expenses incurred while attending a regular or special meeting of the board shall be refunded; provided, that the secretary shall receive a semi-annual salary of one hundred and fifty ($150) dollars for his services. All moneys received by the board shall be paid out on its order for its expenses, and the traveling expenses of the members, and if the moneys received are not sufficient to meet such expenses, then the board shall certify to the Board of Examiners, with accompanying vouchers, over its seal and the signature of its president and secretary. the amount actually necessary to meet the remainder of its expenses, and upon the approval of said claim by the Board of Examiners the State Controller shall draw his warrant upon any moneys in the general fund not otherwise appropriated, and the State Treasurer shall pay the same.

Sec. 12. Every person to whom the board shall issue a certificate shall present the same to the County Recorder of the county in which he desires to practice, and have the same recorded, and shall pay the fee usually paid for recording such papers. The board may refuse a certificate to any applicant guilty of unprofessional conduct and may revoke any certificate for a like cause. In all cases of refusal or revocation the party aggrieved may appeal to the courts. The words "unprofessional conduct," as used in this act, are hereby declared to mean:

First—The procuring or aiding or abetting in procuring a criminal abortion.

Second—The obtaining of any fee on the assurance that a manifestly incurable disease can be permanently cured.

Third—The wilfully betraying of a professional secret.

Fourth—All advertising of medical business in which grossly improbable statements are made.

Fifth—All advertising of any medicines, or of any means, whereby the monthly periods of women can be regulated, or the menses re-established if suppressed.

Sixth—Conviction of any offense involving moral turpitude.

Seventh—Habitual intemperance.

Sec. 13. For the purposes of this act the words "practice of medicine, surgery and obstetrics," shall mean to open an office for such purpose, or to announce to the public, or to any individual in any way, a desire or willingness, or readiness to treat the sick or afflicted in any county in the State of Nevada; or to investigate or diagnosticate, or to offer to investigate or diagnosticate any physical or mental ailment, or disease of any person, or to give surgical assistance to, or to suggest, recommend, prescribe, or direct for the use of any person, any drug, medicine, appliance or other agency, whether material or not material, for the cure, relief or palliation of any ailment or disease of the mind or body, or for the cure or relief of any wound, fracture, or bodily injury, or deformity, after having received or with the intent of receiving therefor, either directly or indirectly, any money, gift, or any other form of compensation. It shall also be regarded as practicing medicine within the meaning of this act if anyone shall use in connection with his or her name the words or letters "Dr.," "Doctor," "Professor," "M. D.," or "Healer," or any other title, word, letter or other designation intended to imply or designate him or her as a practitioner of medicine, or surgery, or obstetrics in any of its branches; provided, that nothing in this act shall be construed to prohibit gratuitous services of druggists or other persons in cases of emergency, or the domestic administration of family remedies, and this act shall not apply to commissioned surgeons of the United States army or navy in the discharge of their official duties, nor shall it apply to professional or other nurses in the discharge of their duties as nurses, nor to physicians who are called into this State for consultation, and who are legally qualified to practice in the State where he or she resides. In charging any person in an affidavit, information or indictment with a violation of this act by practicing medicine, surgery or obstetrics without a license, it shall be sufficient to charge that he or she did, upon a certain day, and in a certain county of this State, engage in the practice of medicine, he or she, not having a license to do so, without averring any further or more particular facts concerning the same.

Sec. 14. Any person who shall practice medicine, surgery or obstetrics in this State without first complying with the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not less than one hundred ($100) dollars, nor more than two hundred ($200) dollars, or by imprisonment in the county jail for not less than fifty (50) days, nor more than one hundred and eighty (180) days, or by both such fine and imprisonment for each and every such offense. Any person may institute proceedings at law provided for in this act.

Sec. 15. Every person filing for record, or attempting to file for record, the certificate issued to another, falsely claiming himself to be the person named in such certificate, or falsely claiming himself to be the person entitled to the same, shall be guilty of felony, and, upon conviction thereof, shall be punished by imprisonment in the State prison not less than one year nor exceeding five years.

Sec. 16. Any person assuming to act as a member of a State Board of Health or Medical Examiners ,or who shall sign, or subscribe, or issue or cause to be issued, or seal or cause to be sealed, a certificate authorizing any person to practice medicine or surgery in this State, except the person so acting and doing shall have been appointed a member of said Board of Medical Examiners as in this act provided, shall be guilty of a misdemeanor, and shall be punished by a fine of not lesse than one hundred ($100) dollars, nor more than five hundred ($500) dollars, or by imprisonment in the county jail for a term of not less than sixty (60) days, nor more than one hundred and eighty (180) days, or by both such fine and imprisonment.

Sec. 17. Every person practicing medicine, surgery or obstetrics in the State of Nevada on the first Monday of May, 1905, shall submit to the said board his, or her, diploma for registration, and a fee of twenty-five ($25) dollars shall accompany such diploma; provided, that the owner of such diploma shall, if he or she was practicing medicine, surgery or obstetrics prior to the passage of the act approved March 15, 1899, and has not complied with said act of March 15, 1899, pay a fee of five ($5) dollars for such registration, but said person shall submit to the board said

The CHARLES B. TOWNS HOSPITAL
293 Central Park West, NEW YORK CITY
For the Medical Treatment of Drug and Alcoholic Addiction by Scientific Hospital Methods.
Hydro-Electric Department of Unusual Completeness

diploma on the first Monday of May, 1905; provided further, that all persons who have complied with the act of March 15, 1899, shall be entitled to full registration by the said Board of Medical Examiners, and nothing in this act shall be construed to prevent such registration, and the secretary of said board shall enter free of all charge, upon the record book of said board, the names of all persons who have complied with the act of March 15, 1899. And be it further provided, that a certificate of registration or license issued by the proper Examining Board of any State, which agrees on reciprocal registration with this State, may be accepted as evidence of qualification for reciprocal registration in this State; provided, that the holder of such certificate was, at the time of such registration, the legal possessor of a diploma issued by a medical college in good standing in this State, and that the date thereof was prior to the passage of this act.

Sec. 18. All acts and parts of acts in conflict with this act are hereby repealed.

Sec. 19. This act shall take effect from and after the third day of May, nineteen hundred and five.

MEDICAL LAW OF NEW HAMPSHIRE

An Act providing for the Practice of Medicine.

Be it enacted by the Senate and House of Representatives in General Court convened:

Section 1. Any person shall be regarded as practicing medicine under the meaning of this Act who shall operate on, prescribe for, or otherwise treat any human ailment, physical or mental.

Sec. 2. There shall be a Board of Examiners consisting of five persons, qualified as provided in the following section, whose duty it shall be to examine, register, and license applicants whom they find to be twenty-one years of age or over, of good moral character, and qualified as herein provided to practice medicine. They shall perform such other duties for the State as are assigned to them by this Act.

Sec. 3. The members of said board shall be residents of the State, shall have been regularly licensed to practice medicine under the existing laws in this State, and shall have been actively engaged in the practice of their profession within the State for at least five years. The first appointments to the board shall be so made that the term of office of one member shall expire at the end of each successive year from and after the date when this Act takes effect. Subsequent appointments, except to fill vacancies, shall be for the term of five years, and appointments to fill vacancies shall be for the unexpired term of the member retiring. Appointees shall hold office until their successors are appointed and qualified.

Sec. 4. Said board shall be appointed by the Governor, with the advice and consent of the council, not later than sixty days after the passage of this Act. The Governor and council may remove any member of the board for misconduct, incapacity, neglect of duty, or other sufficient cause.

Sec. 5. The members of the board before entering upon their duties shall take the oath of office prescribed for public officers and file certificates thereof with the Secretary of State. Their first meeting shall be called by the member having the longest term of office, by mailing a notice of the meeting to each member at least fifteen days before such meeting. Meetings shall be held annually thereafter and as much oftener as the business requires. At the first and each annual meeting a president and secretary shall be chosen from the membership of the board, whose duties respectively shall be those usually pertaining to such offices. A true record of all their official acts shall be made and preserved by the secretary. Three members shall constitute a quorum for the transaction of business.

Sec. 6. Examinations shall be held in Concord at least twice a year for the accommodation of persons desiring to enter the practice of medicine in this State. The examinations shall take place under the supervision of the secretary of the board and shall be given in the English language, but shall otherwise be conducted according to such rules as the board shall prescribe.

Sec. 7. The board shall admit to examination any applicant who pays a fee of twenty dollars and submits satisfactory evidence in writing, verified by oath if required, that he

(1) Is more than twenty one years of age.

(2) Is of good moral character.

(3) Has satisfactorily completed a full course in a registered academy or high school, if application is made prior to 1919. Graduates of medicine before 1915 shall be registered on passing the herein prescribed examination. Applicants in 1919 and thereafter must have completed satisfactorily two years' work in a registered college, or must have a preliminary education considered and accepted by the board as fully equivalent.

(4) Has studied the treatment of human ailments not less than four school years of not less than nine months each, in a medical school registered as maintaining at that time a standard satisfactory to the board, and has graduated from such school.

Sec. 8. For each examination the board shall seasonably prepare suitable questions for thoroughly testing the knowledge of the applicants in the following subjects: (1) Anatomy; (2) physiology; (3) hygiene and preventive medicine; (4) practice of surgery and clinical medicine; (5) obstetrics and gynecology; (6) pathology and bacteriology; (7) chemistry and toxicology.

Sec. 9. The board shall cause the questions to be printed where necessary, and shall submit them to the applicants and receive their answers according to rules prescribed by the board.

Sec. 10. The board shall decide as to the qualifications of the several applicants as soon as possible after the examinations, and shall issue to each successful candidate a license signed by the president and secretary of the board, setting forth the fact that the licensee is authorized to engage in the practice of medicine. The licenses shall be numbered and recorded in a book provided for the purpose.

Sec. 11. Applicants who fail in satisfying the board of their qualifications at their first examination may take one subsequent examination without additional fee; but they shall pay a fee of twenty dollars for each subsequent examination after the second.

Sec. 12. The board may register and license any applicant therefor who is legally qualified to treat human ailments or practice medicine in any State or Dependency whose requirements the board deems equal to those in New Hampshire, upon a payment of a fee of twenty dollars.

Sec. 13. The board may revoke the license of any licensee who has obtained it by false or fraudulent means, or who has been convicted of a crime punishable by imprisonment in the State prison, or whose moral character or personal habits have become or are such as to unfit him for the practice of medicine; provided, that before so doing they shall give the licensee an opportunity to be heard by giving him reasonable notice of the proceeding, the cause alleged against him, and the time and place of the hearing thereon. They shall notify the licensee thereof, and if the decision upon the charges be against the licensee, the board shall revoke his license.

Sec. 14. The board shall be self-supporting. Members shall be reimbursed for expenses incurred in connection with the work of the board, and the secretary shall receive for his services such compensation as the whole board shall determine. The board shall keep a full and true record of all fees received and all sums actually paid for expenses, and at the end of each year shall account to the Governor and council.

Sec. 15. The records of the board shall be deemed to be public records and shall be open to inspection at all reasonable times. The board shall make a report to the Governor and council thirty days before each biennial session of the legislature, giving the names of all persons registered under this Act and preceding Acts of the legislature, who are supposed to be living, specifying which ones have been registered and licensed since the next preceding report, and also giving the names of licensees whose licenses have been revoked since the last report. They shall also report in detail as to the money received and paid out by the board during the preceding two years.

Sec. 16. Whoever, not being registered and licensed according to the law of this State, shall advertise himself as practicing medicine, or practice medicine, according to the meaning of this Act, or in any way hold himself out as qualified so to do, or whoever does any of said acts after receiving notice that his license has been revoked, shall be punished for the first offense by a fine not exceeding one hundred dollars, or by imprisonment in the county jail not exceeding three months, and for any subsequent offense by a fine not exceeding two hundred and fifty dollars, or by imprisonment not exceeding six months, or both.

Sec. 17. This Act shall not be construed to affect any one while actually serving on the resident medical staff of any legally incorporated hospital; or any legally qualified physicians in other States or countries meeting regularly registered physicians in this State in consultation; or any physician residing on the border of a neighboring State and duly authorized under the laws thereof to practice medicine therein, whose practice extends into this State and who does not open an office or appoint a place to meet patients or to receive calls within this State; or regular or family physicians of persons not residents of this State, when called to attend them during a temporary stay in this State, provided such family physicians are legally registered in some State; or chiropody, or simple treatments such as massage or baths; or nurses in their legitimate occupations; or cases of emergency; or the administration of ordinary household remedies; or the advertising or sale of patent medicines. Provided, however, that this Act shall not be construed so as to interfere in any way with the practice of those who endeavor to prevent or cure disease or suffering by spiritual means or prayer. Nothing in this Act shall be so construed as to abridge the rights of any class of persons to whom authority is given by any other statute to perform any acts which might be deemed the practice of medicine.

Sec. 18. Nothing in this Act shall be construed so as to affect the legal standing of practitioners of medicine and surgery who shall be duly registered and licensed under the laws of this State in force at the time this Act shall take effect.

Sec. 19. Any person who shall have been actively engaged in the practice of osteopathy in New Hampshire prior to the first day of January, 1915, and who shall present to the board satisfactory evidence that he is twenty-one years of age and of good moral character, and holds a diploma from a regularly conducted school or college of osteopathy within the United States which at the time of his graduation required a course of study of twenty months or longer, including the subjects of anatomy, physiology, hygiene, pathology, chemistry, gynecology, diagnosis and theory and practice of osteopathy, with an actual attendance of not less than twenty months, which facts shall be confirmed by affidavit, shall upon application on blank furnished by said board, signed and sworn to by said applicant, and payment of a fee of ten dollars, be registered, and a certificate in testimony thereof shall be given him signed by the president and secretary of the board; provided, such application shall be made on or before the thirty-first day of July, 1915, after which date all registration under the aforesaid conditions shall cease. Persons registered hereunder shall be considered as exercising the privileges of duly registered physicians under a special license, but they shall not be granted the right to prescribe or administer drugs for internal use, nor to perform major operations in surgery. Any person registered under this section who shall violate its provisions shall be subject to the penalties imposed upon unlicensed practitioners.

Sec. 20. Any person who complies with the requirements of the preceding section shall be admitted to any future regular examination by the board for full license upon the payment of an additional fee of ten dollars, and shall be required to take examinations only in surgery and clinical medicine; and it is further provided that any person who is graduated previous to July, 1915, from a regular osteopathic school requiring a full three-year course, shall be admitted to the examination upon the payment of the stipulated fee.

Sec. 21. The records of the Regent of the Board of Examiners in office at the time this Act takes effect, together with all papers filed by him as regent, shall be turned over by him to the board created by this Act, to be thereafter held by such board and treated as a part of its records and files; and all duties assumed by or imposed on the regent of the board shall devolve upon the secretary of the board under this Act.

Sec. 22. All charges as to violation of the provisions of this Act shall be made in writing to the Board of Examiners, whose duty it shall be, upon investigation, to make a written complaint to the attorney-general and the solicitors of the several counties, or such officers as are entrusted with the enforcement of the law. Upon receipt of such complaint, it shall be the duty of the attorney-general and the solicitors of the several counties and aforesaid officers to prosecute such violation of the provisions of this Act.

Sec. 23. Chapter 63, Laws of 1897, and all other Acts and parts of Acts inconsistent with this Act are hereby repealed, and this Act shall take effect upon its passage. Provided, however, that after the passage of this Act the superintendent of public instruction shall be substituted for the regent of the State Boards of Medical Examiners provided by chapter 50, Laws of 1907, relating to the registration of nurses, and he shall thenceforth possess all the powers and duties and be subject to all the obligations heretofore imposed upon said regent by the provisions of said Act.

Approved April 21, 1915.

CHALFONTE
ON THE BEACH
ATLANTIC CITY
ALWAYS OPEN
THE LEEDS COMPANY

Atlantic City

is the most unique, most interesting year-around pleasure and health resort in the World. On an island, a mile off the Jersey coast, its sea tang and piney air invigorate and rest.

Re-creatively, Atlantic City is the heart, the center, the climax of all Atlantic coast resorts. Half way between Winter and Summer lands, it reverses the climatic charm of each, assembling and mingling them throughout the year. The sweep in of the Gulf Stream toward Atlantic City and the modifying tendencies of the surrounding salt water, produce an almost perfect temperate climate. The pine forests of the immediate Jersey coast temper the north winds. The air is dry and pure—there is almost no fog.

The weather at Atlantic City over a period of 41 years shows an average as follows:

Winter	34°
Spring	48°
Summer	71°
Autumn	57°
Days with Snow	12
Clear Days	122
Partly Cloudy	135
Percentage of Sunshine	61

in 28 years no zero weather is recorded.

Add to these unusual physical conditions the expenditure of millions of dollars in right development for pleasure, rest and recreation and the reason of Atlantic City's charm is apparent.

Chalfonte

is perhaps the best, most widely known of all Atlantic City's 1200 hotels. It is a modern ten-story hotel. Its appeal is to cultivated interesting people seeking rest, repose or recreation at the seashore any time of the year. It is not a sanitarium.

Write for Illustrated Literature—

THE LEEDS CO.

ATLANTIC CITY **NEW JERSEY**

NEW JERSEY

CAPITAL, TRENTON

Population of State, 2,537,167
(U. S. Census, 1910)
Number of Physicians, 2,789

STATE BOARD OF HEALTH

Pres, W H Chew, Salem; V-Pres, E A Ayers, Branchville; Sec, J C Price, Branchville; O Kelly, Oak Tree; C Potts, Morristown; J O McDonald, Trenton; H Spence, Jersey City; J M Everitt, Hackettstown; F T Crane, Orange.

HEALTH OFFICERS AT PRINCIPAL POINTS

MEDICAL LAW OF NEW JERSEY

An Act to regulate the practice of medicine and surgery, to license physicians and surgeons, and to punish persons violating the provisions thereof.

Approved May 22, 1894. Chapter 306.

Amended April 8th, 1903, Chapter 228, and April 12th, 1915, Chapter 271.

Section 1. Be it enacted by the Senate and General Assembly of the State of New Jersey. That the Governor shall appoint, by an with the advice and consent of the senate, a Board of examiners to be known as the State Board of Medical Examiners, said board to consist of nine members, who shall be persons of recognized professional ability and honor; the terms of office of said board shall be three years, or until their successors are appointed; provided, however, that the members of the board first appointed shall be divided into three classes, each class to consist of three persons; the first class shall hold office under said appointment for one year, the second for two years and the third for three years from the date of their appointment, and thereafter each member shall be appointed for a term of three years, and provided further, that said board shall consist of five old-school physicians, three homoeopath and one eclectic; said appointees, shall, within thirty days after the receipt of the respective commissions take, subscribe and file, in the office of the Secretary of State, the oath or affirmation prescribed by law.

Sec. 2. And be it enacted, That said board shall elect a president, a secretary, and a treasurer from its membership; it shall have a common seal, and its president shall be empowered to issue subpoenas and to administer oaths in taking testimony in any matter pertaining to the duties of said board; it shall make and adopt all necessary rules, regulations and by-laws not inconsistent with the laws of this State or of the United States, whereby to perform the duties and to transact the business required under the provisions of this Act.

Sec. 3. The said board shall hold meetings for examinations at the capitol building of this State on the third Tuesday of June and October of each year, and at such other times and places as the board may deem expedient; said board shall keep an official record of all its meetings and an official register of all applicants for a license to practice medicine and surgery in this State, whether such applicants were licensed or rejected; said register shall show the name, age, nativity, last and intended place of residence of each candidate, the time he or she has spent in obtaining a competent academic and medical education, as hereinafter provided; and the names and location of all medical schools or examining and licensing boards, which have granted said applicant any degree or certificate of attendance upon lectures upon medicine and surgery or State examinations; said register shall also show whether said applicant was licensed or rejected under this Act; if licensed, whether said applicant was examined or licensed without examination, and said register shall be prima facie evidence of all matters therein contained.

Sec. 4. All persons hereafter commencing the practice of medicine or surgery in any of its branches in this State shall apply to said board for a license so to do. Said board shall, except as herein otherwise provided, examine all qualified applicants for license to practice medicine or surgery in accordance with the provisions of this act. Every applicant for examination shall present to the secretary of said board, at least ten days before the commencement of the examination at which he or she desires to be examined, a written application for admission to such examination on a form or forms provided by said board, together with satisfactory proof that the applicant is more than twenty-one years of age and of good moral character. Such applicant shall also present to said board a certificate from the Commissioner of Education of this State, showing that before entering a medical college he or she had obtained an academic education consisting of a four years' course of study in an approved public or private high school or the equivalent thereof.

A. From and after the first day of July, one thousand nine hundred and nineteen, no persons shall be admitted to examination for license to practice medicine or surgery, unless he shall present to said board a certificate from the Commissioner of Education of this State, showing that in addition to, and subsequent to, obtaining the preliminary and academic education above mentioned and prior to commencing his or her study in a medical college, he or she had completed a satisfactory course of one year in a college or school of art and science approved by the Commissioner of Education of this State, during which year he or she had studied either French or German, and also chemistry, physics and biology.

B. From and after the first day of July, one thousand nine hundred and twenty, no person shall be admitted to examination for license to practice medicine or surgery, unless he shall present to said board a certificate from the Commissioner of Education of this State, showing that in addition to, and subsequent to, obtaining the preliminary and academic education mentioned in the first paragraph of this section and prior to commencing his or her study in a medical college, he or she had completed a satisfactory course of two years in a college or school of art and science approved by the Commissioner of Education of this State, during which two years he or she had studied either French or German, and also chemistry, physics and biology.

C. Every applicant for admission to examination for a license to practice medicine or surgery shall, in addition to the above requirements, prove to said board that he has received a diploma conferring the degree of doctor of medicine from some legally incorporated medical college of the United States, which college, in the opinion of said board, was in good standing at the time of the issuance of said diploma, or a diploma or license conferring the full right to practice, all of the branches of medicine and surgery in some foreign country, and further prove that prior to the receipt of such diploma from any such medical college of the United States, or such diploma or license conferring the right to practice medicine and surgery, as aforesaid, he had studied medicine not less than four full school years, including four satisfactory courses of lectures of at least seven months each, in four different calendar years in some legally incorporated and registered American or foreign medical college or colleges in good standing in the opinion of said board; after the first day of July, one thousand nine hundred and sixteen, such applicant shall, in addition to the above requirements, further prove to said board that after receiving such degree, diploma or license, he has served as an interne for at least one year in a hospital approved by said board; provided, however, that candidates for license to practice medicine or surgery who were graduated from an approved medical college prior to July fourth, one thousand nine hundred and three, and have been in continuous and reputable practice of medicine for at least five years since graduation, may be admitted to the examination of said board upon the submission of satisfactory evidence of good moral character, and of the fact that such applicant has completed three courses of medical lectures in an approved medical college in different calendar years, and has obtained a competent academic education according to the standard at that time as determined in the case of non-graduates of academic institutions by the Commissioner of Education of this State; provided, however, that the records of the board and such license shall state that such license was issued to any such applicant under the first exemption contained in this section.

D. Candidates for license to practice medicine or surgery who were graduated from an approved medical college prior to July fourth, one thousand eight hundred and ninety-four, and have been in continuous and reputable practice of medicine since graduation may be admitted to such examination of this board upon the submission of satisfactory evidence of good moral character, and of two courses of medical lectures in an approved medical college in different calendar years, and of the fact that such applicant has obtained a competent academic education according to the standard at that time as determined in the case of non-graduates of academic institutions by the Commissioner of Education of this State, it being further provided, however, that the records of such board and such license shall state that any such applicant was licensed under the second exemption contained in this section.

E. Upon the approval of the application for examination, such applicant shall deposit with the treasurer of said board the sum of twenty-five dollars as an examination fee, and shall thereupon be entitled to admission to such examination. In case said applicant fails to pass the examination, he may be re-examined at the next regular examination held by said board without the payment of an additional fee. Each applicant shall sign his or her name opposite a number in a book kept for that purpose by the secretary of said board and shall mark his or her examination paper with said number, and shall be known to the members of said board only by said number until his or her papers have been examined and marked. Any applicant for license to practice medicine or surgery, upon proving to the satisfaction of said board that he is of good moral character, and that he has been examined and licensed by the examining and licensing board of another State of the United States, and that at the time of the granting of such license the standard of requirements for license to practice medicine or surgery in the State where such license was granted was at least substantially equal to the standard of requirements for such license in force in this State at said time, and upon filing with the secretary of said board a copy of his license or certificate, verified as a true copy by the affidavit of the secretary of the board granting such license, may, in the discretion of the said Board of Medical Examiners of this State, be granted a license to practice medicine and surgery without further examination upon the payment to the treasurer of said board of a license fee of fifty dollars. In any such application for a license without examination, all questions of academic requirements of other States shall be determined by the Commissioner of Education of this State.

Sec. 5. And be it enacted, That all examinations shall be written in the English language, and the questions and answers shall be, except in materia medica and therapeutics, such as can be answered in common by all schools of practice; if the applicant intends to practice homopathy or eclecticism, the members of said board of those schools respectively shall examine said applicant in the materia medica and therapeutics of the school in which such applicant intends to practice; the examinations shall be in the following subjects, namely, materia medica and therapeutics; obstetrics and gynecology; practice of medicine, including diseases of the skin, nose and throat; surgery, including surgical anatomy and diseases of the eye, ear and genito-urinary organs, anatomy, physiology, chemistry, histology, pathology, bacteriology, hygiene, medical jurisprudence, and in such other subjects as the board may decide; all examinations shall be both scientific and practical, and of sufficient severity to test the candidate's fitness to practice medicine and surgery; if said examination is satisfactory, the board shall issue a license, entitling the applicant to practice medicine and surgery in this State; the votes of all examiners shall be yes or no, and written with their signatures upon the backs of the examination papers of each candidate; said application and examination papers shall be deposited in the State library, in the capitol building, and they shall be prima facie evidence of all matters therein contained; all licenses shall be signed by the president and secretary of the board and shall be attested by the seal thereof.

Sec. 6. The board may refuse to grant or may revoke a license for the following causes: Chronic and persistent inebriety; the practice of criminal abortion; conviction of crime involving moral turpitude, or for publicly advertising special ability to treat or cure chronic or incurable diseases; or where any person shall present or shall have presented to this board any diploma, license or certificate that shall have been illegally obtained, or shall have been signed or issued unlawfully or under fraudulent representations or where a license to practice in this State has been obtained or shall have been obtained through fraud of any kind. Before any license shall be revoked, the accused person shall be furnished with a copy of the complaint and given a hearing before said board in person or by attorney, and any person, after such refusal or revocation of license, who shall attempt or continue the practice of medicine, shall be subject to the penalties hereinafter prescribed.

Sec. 7. The person so receiving said license shall file the same, or a certified copy thereof, with the clerk of the county in which he or she resides, and said clerk shall file said license or certified copy thereof and enter a memorandum thereof, giving the date of said license, with the name and address of the person to whom the same is issued, and the date of said filing in a book to be approved by this board and to be kept for that purpose, for which registry the said county clerk shall be entitled to demand and receive from each person registering, the sum of one dollar; in case the person so licensed shall move into another county of this State, he or she shall procure from the said clerk a certified copy of such registration, and then file the same with the clerk of the county to which he or she shall remove, and the said clerk shall file and enter the same with like effect as if the same was an original license, and for which registry the said clerk shall be entitled to demand and receive the sum of one dollar; upon each registry or re-registry, the person registering shall make an affidavit that he is the person described in the license or registration copy; and each county clerk in the counties of this State shall, upon the last day of November of each year, furnish the secretary of said board a list of all licenses, certified copies of licenses and registration of licenses of this board filed in his office during the previous year, together with any changes or issuances of certificates for the purpose of change to any county to which the licentiate intended to remove, and upon notice to him of the change of location or death of a licentiate or of the revocation of a license, said county clerk shall enter at the appropriate place in the records so kept by him a memorandum of said fact; and said memorandum shall be furnished by said county clerk to the secretary of this board in the annual report above required.

Sec. 8. Any person shall be regarded as practicing medicine and surgery, within the meaning of this Act, who shall use the words or letters "Dr.," "Doctor," "Professor," "M. D." or "M. B." in connection with his or her name, or any other title intending to imply or designate him or her as a practitioner of medicine or surgery in any of its branches, and who, in connection with such title or titles, or without the use of such titles, or any of them, holds himself or herself out as being able to diagnose, treat, operate or prescribe for any human disease, pain, injury, deformity or physical condition, or who shall either offer or undertake by any means or method to diagnose, treat, operate or prescribe for any human disease, pain, injury, deformity or physical condition; and it is further provided, that the provisions of this Act shall apply to all persons professing and attempting to cure diseases by means of the so-called system of "faithcurism," "mind-healing," "laying-on-of-hands," and other similar systems.

Sec. 9. The prohibitory provisions contained in this Act as amended shall not apply to the commissioned surgeons of the United States army, navy or marine hospital service while so commissioned or to lawfully qualified physicians or surgeons residing in other States meeting registered physicians and surgeons of this State in consultation, or to any legally qualified physician or surgeon of another State taking charge of the practice of a legally qualified physician or surgeon of this State temporarily during the latter's absence therefrom, and upon the written requests to said board therefor, or to any physician or surgeon of another State, and duly authorized under the laws thereof, to practice medicine and surgery therein; provided, that such practitioner shall not open an office or a place for the practice of his profession within the borders of this State; or to anyone while actually serving as a member of the resident medical staff of any legally incorporated charitable or municipal hospital or asylum; or to the practice of osteopathy as defined in an Act entitled "An Act to regulate the practice of osteopathy in the State of New Jersey, and to license osteopathic physicians to practice in this State and punish persons violating the provisions thereof," approved April second, one thousand nine hundred and thirteen, or any Act supplementary thereto or amendatory thereof, by any person duly licensed to practice osteopathy in accordance with the provisions of the Act last mentioned, and any Act supplementary thereto or amendatory thereof, or to the practice of dentistry by any legally qualified and registered dentist, or to the ministration to, or treatment of, the sick or suffering by prayer or spiritual means, whether gratuitously or for compensation, and without the use of any drug or material remedy, or to the practice of optometry by any person holding a valid certificate of registration under an Act entitled "An Act to regulate the practice of optometry, to license optometrists, and to punish persons violating the provisions thereof," approved April seventeenth, one thousand nine hundred and fourteen, or any Act supplementary thereto or amendatory thereof, or to the practice of chiropody by any legally licensed chiropodist, or to any person claiming the right to practice medicine and surgery in this State who has been practicing therein since before the fourth day of July, one thousand eight hundred and ninety; provided, said right or title was obtained upon a duly registered diploma, of which the holder and applicant was the lawful possessor, issued by a legally chartered medical institution which, in the opinion of said board, was in good standing at the time said diploma was issued, or to the giving of treatment by electricity by any person resident of this State who has been continuously engaged in giving treatment by electricity herein during the past fourteen years; provided, that said person has graduated from a legally incorporated electro-therapeutic school in good standing, or to the practice of pharmacy by any legally licensed and registered pharmacist of this State, but this exception shall not be extended so as to give said licensed pharmacist the right and authority to carry on the business of a dispensary, unless said dispensary shall be in charge of a legally licensed and registered physician and surgeon of this State, or to the practice of veterinary medicine, surgery or dentistry in any of its branches by any legally licensed and registered veterinary physician, surgeon or dentist of this State, or to any professional nurse, masseur or electrician while operating in each particular case under the specific direction of a regular licensed physician or surgeon, or to any person or persons while giving aid, assistance or relief in emergency or accident cases pending the arrival of a regularly licensed physician and surgeon.

Sec. 10. Any person hereafter commencing or continuing the practice of medicine and surgery in any of its branches in this State without first having obtained and filed the license herein provided for, or contrary to any of the provisions of this Act, and any person who shall practice medicine or surgery under a false or assumed name, or who shall falsely impersonate another practitioner of a like or different name, or who shall buy, sell or fraudulently obtain any diploma as a doctor of medicine, or any medical license, record or registration, or who shall violate any of the provisions of this Act, shall be liable to a penalty of two hundred dollars, which penalty shall be sued for and recovered by and in the name of the State Board of Medical Examiners of New Jersey. Every District Court in any city or judicial district in any county; and every Court of Common Pleas in any county is hereby empowered, upon the filing of a complaint in writing, duly verified, which said verification when made by any member of the said State Board of Medical Examiners of New Jersey, or by any member of any incorporated medical society of this State or of any county of this State, may be made upon information and belief, that any person has violated any provision of this Act to issue process at the suit of the State Board of Medical Examiners of New Jersey as plaintiff; such process shall be either in the nature of a summons or warrant, which warrant may issue without any order of the court or judge first being obtained against the person or persons so charged, with process, when in the nature of a warrant, shall be returnable forthwith, and when in the nature of a summons shall be returnable in not less than five or more than fifteen entire days; such process shall state what provision of the law is alleged to have been violated by the defendant or defendants, and on the return of such process, or at any time to which the trial shall be adjourned, the said court shall proceed in a summary manner to hear testimony and to determine and give judgment in the matter without the filing of any pleadings for the plaintiff for the recovery of such penalty, with costs, or for the defendant, and the said court shall, if judgment be rendered for the plaintiff, cause any such defendant, who may refuse or neglect to forthwith pay the amount of the judgment rendered against him and all the costs and charges incident thereto, to be committed to the county jail for any period not exceeding one hundred days; that the officers to serve and execute all process under this Act shall be the officers authorized to serve and execute process in said courts; that said District Court or Court of Common Pleas shall have power to adjourn the hearing or trial in any case from time to time, but in such case, except in cases in which the first process was a summons, it shall be the duty of the judge of the District Court or the Court of Common Pleas to detain the defendant in safe custody, unless he shall enter into bond to the said State Board of Medical Examiners of New Jersey, with at least one sufficient surety in double the amount of the penalty claimed for his appearance on the day to which the hearing shall be adjourned, and thence from day to day until the case is disposed of, and then to abide by the judgment of the said court, and such bond, if forfeited, may be prosecuted by the said board.

A. The convictions in prosecutions under this Act shall be in the following or similar form:

State of New Jersey, County of ...., ss.

Be it remembered that on this........day of..............., at ...., in said county, C. D., defendant, was by (the District Court of the city of ...., or the Court of Common Pleas of the county of ...., or as the case may be, convicted of violating the.........section of an Act entitled "An Act to regulate the practice of medicine and surgery, to license physicians and surgeons, and to punish persons violating the provisions thereof," approved May twenty-second, one thousand eight hundred and ninety-four, in a summary proceeding at the suit of the State Board of Medical Examiners of New Jersey upon a complaint made by ...., and further, that the witnesses in said proceeding, who testified for the plaintiff were (name them), and the witnesses who testified for the defendant were (name them).

Wherefore, the said court doth hereby give judgment that the plaintiff recover of the defendant...........dollars, penalty, and.............dollars, costs of this proceeding.

B. The conviction shall be signed by the judge of the District Court or Court of Common Pleas before whom the conviction is had. In case the defendant is committed to jail in default of payment of the penalty, a commitment in the following form shall be added, beneath the judge's signature, to the conviction:

"And the said C. D. neglecting and refusing to pay the amount of the penalty above mentioned, with costs, it is hereby ordered that the said C. D. be and he hereby is committed to the common jail of the county of .... for the period of .... days, unless the said penalty and costs are sooner paid." This commitment shall also be signed by the judge, and in case of commitment of any defendant to jail, the conviction and commitment shall be signed in duplicate, and one of the duplicate copies shall serve the purposes of a warrant of commitment.

C. In case any person shall, after conviction of any violation of this Act, be again convicted of another violation of this Act or of continuing the violation for which he was previously convicted, he shall be liable to a penalty of five hundred dollars for each such violation or continuation, to be sued for and recovered in the manner above set forth. In case any defendant against whom judgment has been recovered for a penalty of five hundred dollars shall fail or neglect to forthwith pay the amount of said penalty, the court shall commit him to jail in the manner above set forth, for any number of days not exceeding two hundred days. Any penalty recovered for any violation of this Act shall be paid to the said board, who shall pay one-half thereof to any incorporated medical society procuring the evidence upon which the said defendant was convicted. The other half shall be applied by the said board to the same purposes as other funds of the board collected in accordance with the provisions of this Act. In case any such proceeding is brought in any Court of Common Pleas, the trial thereof shall proceed in a summary manner as above set forth, immediately upon the arrest under warrant of the defendant, or on the return day of the summons, or on any day to which the judge of said court shall continue the said trial, either during the terms of said court or in vacation.

D. The clerk of any District Court or of any Court of Common Pleas may sign and seal any process required to be issued under this Act, except a warrant of commitment. The costs recoverable in any such proceeding shall be the same as costs taxed in actions in said courts, and shall be recovered by the said board in the event of the conviction of the defendant. Any judgment recovered for a penalty under the provisions of this Act in any District Court may be docketed in the same manner as judgments in said court are docketed under the provisions of an Act entitled "An Act concerning District Courts," approved June fourteenth, one thousand eight hundred and ninety-eight, and the Acts amendatory thereof and supplementary thereto. Execution may issue for the collection of any judgment obtained under this Act against the goods and chattels and body of the defendant without any order first obtained for such purpose.

Sec. 11. And be it enacted, That the expenses of said board and of the examination shall be paid from the license fees above provided for, and if any surplus remain, the same may be distributed among the members of said board as a compensation for their services as members, but otherwise they shall receive no compensation whatever.

All Acts and parts of Acts, general or special, now existing, not in accordance with the provisions of this Act, or inconsistent therewith, are hereby repealed.

CHAPTER NO. 287. LAWS OF 1915.

A Supplement to an Act entitled "An Act to regulate the practice of medicine and surgery, to license physicians and surgeons, and to punish persons violating the provisions thereof," approved May twenty-second, one thousand eight hundred and ninety-four.

Approved April 13th, 1915.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Every applicant for admission to examination for license to practice medicine or surgery, who shall prove to the satisfaction of the board that he entered a medical school in good standing in the opinion of said board prior to March twenty-fifth, one thousand nine hundred and twelve, and shall present to said board a certificate from the Commissioner of Education of this State, showing that before commencing the second year of his medical education he or she had obtained an academic education, consisting of a four years' course of study in an approved public or private high school or the equivalent thereof, shall be admitted to such examination, notwithstanding the fact that his preliminary education was not completed within the time provided by the Act to which this Act is a supplement, if in all other respects he is eligible to such examination under the provisions of the Act to which this is a supplement.

2. This Act shall take effect immediately.

MEDICAL LAW OF NEW MEXICO

Section 1. The New Mexico Board of Health and Medical Examiners shall be composed of seven reputable physicians of known ability, who are graduates of medical colleges in good standing, as defined in this article, and have been registered practitioners in, and bona fide residents of, the State of New Mexico for a period of five years next preceding the date of their appointment. The governor of New Mexico shall appoint the members of said board as other State boards are appointed, and shall fill any vacancies occurring in said board, and may remove any member of said board who fails to perform his duties as defined in this article. Three of the members of said board first appointed shall hold their offices for a period of two years, and the remaining four members of said board, shall hold their offices for a period of four years and thereafter the members of said board, upon the expiration of the terms aforesaid, shall hold their offices for a period of four years and until their successors are elected and qualified. All members of said board shall qualify as required of the Board of Regents of the University of New Mexico.

Sec. 2. Within sixty days after their appointment, the members of said board shall meet in the Capitol Building, in the City of Santa Fe, New Mexico, and organize by electing one of their number as president, one as vice-president, one as secretary and one as treasurer, and thereafter regular meetings of said board shall be held in the said Capitol Building on the second Mondays of January, April, July and October in each year, and there shall be not less than a two days' session at each meeting. Special meetings may be held at any time upon call of the president by written notice to all of the members of the board, in which notice the object of the meeting shall be fully stated. A majority of the members shall constitute a quorum for the transaction of business, but a less number may meet and adjourn to some fixed date.

Sec. 3. The said board shall, upon the production of evidence satisfactory to it, license without examination any reputable person who is a graduate of a medical college in good standing, as defined in this article, and who personally appears before the board at a regular meeting. A medical college in good standing for the purposes of this article, is defined to be one which has a standard as high as that required by the Association of American Medical Colleges, and which has ample clinical facilities. Said board, at its April meeting in each year, shall prepare and cause to be printed and distributed for the information of those interested a copy of this law. The board shall not recognize any college which misrepresents its records, its teaching, its clinical facilities, or as to its students or graduates. No college of any foreign country shall be recognized, except to the same extent as such foreign country recognizes American colleges, and when said foreign college is of good standing under the laws of New Mexico. No license shall be granted except by the board at a regular meeting, and every applicant for license shall appear in person before such board. Such board may recognize any honorary or emeritus degree conferred upon any foreigner by any such college as fully and to the same extent as if the applicant were a regular graduate thereof.

Sec. 4. Such board shall also license reputable graduates of any reputable college in addition to those of other than colleges in good standing, as defined by this article, who are of good moral and professional character and conduct, and have served an interneship in a good hospital, or who have taken a sixmonths'post-graduate course in some institution having ample clinical facilities, or who have had three years or more of actual practice since graduation. Provided, That all applicants for licenses of the classes referred to in this section, shall be examined on the following, and such other subjects as the board may from time to time prescribe: Anatomy and histology, 10 questions; chemistry, 5 questions; etiology and hygiene, 5 questions; physiology, 5 questions; materia medica, 10 questions; therapeutics, 10 questions; pathology and bacteriology, 5 questions; surgery, 10 questions; physical diagnosis, 10 questions; obstetrics, 10 questions; gynecology, 5 questions; practice of medicine, 10 questions; medical ethics and jurisprudence, 5 questions. An average of 75 per cent must be obtained at such examination by each applicant, and not less than 50 per cent must be obtained on each subject; the board shall allow an applicant credit marks of 5 per cent for 5 years of active practice: Provided, that such board may grant licenses without examination to those applicants who have been regular licensed physicians, in other States and Territories, having qualifications and requirements equivalent to those required in New Mexico where such States and Territories reciprocate with New Mexico. The president and secretary of said board are empowered by this article to administer oaths to applicants and all witnesses and others appearing before said board in any application or proceeding provided for in this article. And any person making a false oath or affidavit before such president or secretary in any such proceeding shall be deemed guilty of perjury and be subject to the punishment provided for that crime. Whenever any applicant for license shall have been examined as hereinbefore provided, and shall have failed to reach the required percentage in not more than two of any of the subjects hereinbefore designated, the board may in its discretion allow such applicant another examination on the subjects in which he shall have so failed at its next regular meeting, and may in its discretion issue him a temporary license authorizing him to practice medicine in the State of New Mexico until such next meeting and until his second examination shall have been passed upon and decided by such board.

Sec. 5. Every person holding a certificate of said Board of Health shall have the same recorded in a book provided for that purpose in the office of the county clerk of the county wherein the practitioner resides. within thirty days after said certificate is issued, and the date of the recording shall be indorsed on said certificate. Said certificate, or copy of the registration, must be again recorded in any county to which the practitioner may remove permanently. And the fact that no such certificate shall be found recorded in the county where any person practicing or offering to practice medicine shall be accepted by the court as prima facie evidence that no such certificate has been issued, and shall throw the burden of proving that he has a certificate upon the defendant in any suit or prosecution begun against him for the violations of the provisions of this article.

Sec. 6. Said board shall refuse to license any person guilty of immoral, dishonorable or unprofessional conduct, and said board shall also revoke and annul any license which has been issued by said board, or any previous board, upon satisfactory proof being made to said board that the holder of said certificate or diploma has been guilty of immoral, dishonorable or unprofessional conduct. The code of ethics as adopted by the American Medical Association shall apply to and govern all physicians and surgeons in this State heretofore licensed, or who shall hereafter be licensed, to practice medicine in New Mexico. Twenty days notice shall be given in writing to the person accused of improper conduct, with a copy of the charge against him, requiring him on a day named to appear before the board and show cause why his license should not be revoked or cancelled. When any such license has been revoked or cancelled by said board, the said board shall send notice in writing under the hand of the secretary, which notice shall be filed for record and recorded in the book in which the physicians' licenses are recorded, in the office of the county clerk of the county in which the person, whose license has been revoked, resides. Any person whose certificate has been revoked or cancelled by said board, under the provisions of this article, who shall thereafter practice or attempt or offer to practice medicine in New Mexico shall thereby become guilty of a misdemeanor and shall be punished as provided in Section 9.

Sec. 7. For the purposes of this article the words "practice of medicine" shall mean to open an office for such purpose or to announce to the public or any individual in any way, a desire or willingness or readiness to treat the sick or afflicted, or to investigate or to diagnose, or offer to investigate or diagnose any physical or mental ailment or disease of any person, or to suggest, recommend, prescribe or direct, for the use of any person, any drug, medicine, appliance or other agency, whether material or not material, for the cure, relief or palliation of any ailment or disease of the mind or body, or for the cure or relief of any wound, fracture or bodily injury or deformity, after having received, or, with the intent of receiving therefor, either directly or indirectly, any bonus, gift or compensation. Provided, That nothing in this article shall be construed to prohibit gratuitous services in cases of emergency or the domestic administration of family remedies, or women from practicing midwifery, and this article shall not apply to surgeons of the United States in the discharge of their official duties, and, provided, further, that nothing in this article shall be construed so as to interfere with the practice of osteopathy, optometry, or dentistry, as provided for by law.

Sec. 8. Each applicant for a license to practice medicine in New Mexico shall pay the secretary of said board a fee of twenty-five dollars ($25.00) at the time of making his application.

Sec. 9. Any person who shall practice medicine, or who shall attempt to practice, without first complying with the provisions of this article, and without being the holder of a license entitling him to practice medicine in New Mexico, shall be punished by a fine not to exceed one hundred dollars ($100.00), or imprisonment in the county jail not to exceed ninety days, or by both such fine and imprisonment in the discretion of the court.

Sec. 10. The treasurer of said board shall give a bond to the board in the sum of one thousand dollars ($1,000.00) conditioned for the faithful performance of his duties as treasurer, and that he shall pay over any and all sums of money received by him as such upon the proper order thereof. Such bond shall be given by some fidelity or surety company authorized to do business in this State, and the premiums therefor shall be paid by the board as one of its necessary expenses. All the expenses of the members of said board necessarily and properly incurred in attending the sessions of said board, and for necessary supplies, shall be paid out of the funds of said board upon the order of the president, countersigned by the secretary of the said board. The treasurer of the board shall keep a correct and itemized account of all moneys received and disbursed, and shall make a report to the board at each meeting. The secretary of said board is required to report the doings and proceedings of said board, together with the amount of all moneys by it received and disbursed and on what account, with items, on the first day of December in each year, to the Governor of New Mexico.

Sec. 11. Said board is authorized and empowered to make all necessary rules and regulations for carrying out the provisions of this article.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES

ABBREVIATIONS

R, Regular—H, Homoeopathic—Ecl, Eclectic—P M, Physio-Medical—*, No report received—§, Holds certificate of Examining Board—R D 1, Rural Free Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population. The first number (the key to which will be found on page 143 and following) indicates the college of graduation, and the last number the year.

MEDICAL LAWS OF NEW YORK

Public Health Law, Laws of 1909, Chapter 49; Chapter 45 of the Consolidated Laws, became a law February 17, 1909.

ARTICLE 8—PRACTICE OF MEDICINE

Became a law May 13, 1907, Laws of 1907, Chapter 344, as amended to the close of legislation, 1916.

Section 160. Definitions.—As used in this article:

1. "The Education Department" means the Education Department of the State of New York, as provided for by the Education Law.
2. "University" means University of the State of New York.
3. "Regents" mean Board of Regents of the University of the State of New York.
4. "Board" means the Board of Medical Examiners of the State of New York.
5. "Medical examiner" means a member of the Board of Medical Examiners of the State of New York.
6. "Medical school" means any medical school, college, or department of a university, registered by the regents as maintaining a proper medical standard and as legally incorporated.

7. The practice of medicine is defined as follows: A person practices medicine within the meaning of this article, except as hereinafter stated, who holds himself out as being able to diagnose, treat, operate, or prescribe for any human disease, pain, injury, deformity or physical condition, and who shall either offer or undertake, by any means or method, to diagnose, treat, operate, or prescribe for any human disease, pain, injury, deformity or physical condition.

8. "Physician" means a practitioner of medicine.

Sec. 161. Qualifications.—No person shall practice medicine, unless registered and legally authorized prior to September 1, 1891, or unless licensed by the regents and registered under Article 8 of Chapter 661 of the Laws of 1893 and Acts amendatory thereto, or unless licensed by the regents and registered as required by this article; nor shall any person practice under this article who has ever been convicted of a felony by any court, or whose authority to practice is suspended or revoked by the regents on recommendation of the State board. The conviction of a felony shall include the conviction of any offense which if committed within the State of New York would constitute a felony under the laws thereof. If a person convicted of a felony is subsequently pardoned by the Governor of the State where such conviction was had, or by the President of the United States, the regents may, in their discretion, on application of such person, and on the submission to them of satisfactory evidence, restore to such person the right to practice medicine in this State, unless such conviction has been for misconduct in his professional capacity.

Sec. 162. The State Board of Medical Examiners.—The State Board of Medical Examiners is continued. The members of said board now in office shall continue in office until the expiration of their respective terms. Said boards shall consist of nine members who shall be appointed by the regents and who shall hold office for three years from August 1st of the year in which appointed. The regents shall annually appoint three members to fill the vacancies caused by expiration of term of office, and may at any time fill vacancies on the board caused by death, resignation, or removal from office. No person shall be appointed a member of the Board of Medical Examiners who is not eligible to receive a license to practice from the regents in accordance with the provisions of this article or of Chapter 661 of the Laws of 1893 and Acts amendatory thereof and who has not been in practice in this State for at least five years prior to date of appointment. The regents may remove any member of the Board of Examiners for misconduct, incapacity or neglect of duty. The regents shall appoint a secretary to the Board of Examiners, who shall not be a member of the board, and who shall hold office during the pleasure of the regents and who shall receive an annual compensation of $4,000, payable from the fees received under this article. The secretary shall be a duly licensed physician.

Sec. 163. Certificate of Appointment; Oath; Powers.—Every medical examiner shall receive a certificate of appointment from the regents and before beginning his term of office shall file with the Secretary of State the constitutional oath of office. The board, or any committee thereof, may employ counsel, shall have the power to compel the attendance of witnesses, and may take testimony and proofs concerning all matters within its jurisdiction. The board may, subject to the regents' approval, make all by-laws and rules not inconsistent with law needed in performing its duty; but no by-law or rule by which more than a majority vote is required for any specified action by the board shall be amended, suspended or repealed by a smaller vote than that required for action thereunder.

Sec. 164. Expenses.—The fees derived from the operation of this acticle shall be paid into the State treasury, and the legislature shall annually appropriate therefrom for the Education Department an amount sufficient to pay all proper expenses incurred pursuant to this article.

Sec. 165. Officers; Meetings; Quorum; Committees.—The board shall annually elect from its members a president and a vice-president for the academic year, and shall hold one or more meetings each year pursuant to call of the regents. At any meeting a majority shall constitute a quorum; but questions prepared by the board may be grouped and edited, or answer papers of candidates may be examined and marked by committees duly authorized by the board and approved by the regents.

Sec. 166. Admission to Examination.—The regents shall admit to examination any candidate who pays a fee of $25 and submits evidence, verified by oath, and satisfactory to the regents, that he

1. Is more than 21 years of age.
2. Is of good moral character

3. Had prior to beginning the first year of medical study the general education required by the rules of the regents preliminary to receiving the degree of bachelor or doctor of medicine in this State.

4. Has studied medicine not less than four school years, including four satisfactory courses of at least seven months each, in four different calendar years in a medical school registered as maintaining at the time a standard satisfactory to the regents. New York medical schools and New York medical students shall not be discriminated against by the registration of any medical school out of the State whose minimum graduation standard is less than that fixed by statutes for New York medical schools. The regents may, in their discretion, accept as the equivalent for any part of the third and fourth requirement, evidence of five or more years' reputable practice, provided that such substitution be specified in the license, and, as the equivalent of the first year of the fourth requirement, evidence of graduation from a registered college course, provided that such college course shall have included not less than the minimum requirements prescribed by the regents for such admission to advanced standing. The regents may also in their discretion admit conditionally to the examination in anatomy, physiology, hygiene, sanitation, and chemistry, applicants 19 years of age certified as having studied medicine not less than two years, including two satisfactory courses of at least seven months each, in two different calendar years, in a medical school registered as maintaining at the time a satisfactory standard, provided that such applicants meet the second and third requirements.

5. Has either received the degree of bachelor or doctor of medicine from some registered medical school, or a diploma or license conferring full right to practice medicine in some foreign country unless admitted conditionally to the examinations as specified above, in which case all qualifications including the full period of study, the medical degree and the final examinations in surgery, obstetrics, gynecology,

pathology, including bacteriology, and diagnosis must be met. The degree of bachelor or doctor of medicine shall not be conferred in this State before the candidate has filed with the institution conferring it the certificate of the regents that before beginning the first annual medical course counted toward the degree he had earned a medical student qualifying certificate in accordance with the rules of the regents, the minimum requirement for which, for matriculates after January 1, 1917, shall be the successful completion of an approved four-year high school course or its equivalent.

6. Where the application be for a license to practice osteopathy, the applicant shall produce evidence that he has studied osteopathy not less than three years including three satisfactory courses of not less than nine months each in three different calendar years in a college of osteopathy maintaining at the time a standard satisfactory to the regents. After 1910 the applicant for a license to practice under this article shall produce evidence that he has studied not less than four years including four satisfactory courses of not less than seven months each in four different calendar years in a college maintaining at the time a standard satisfactory to the regents.

Sec. 167. Questions.—The board shall submit to the regents, as required, lists of suitable questions for thorough examination in anatomy, physiology, hygiene, sanitation, chemistry, surgery, obstetrics, gynecology, pathology, including bacteriology, and diagnosis. From these lists the regents shall prepare question papers for all these subjects, which at any examination shall be the same for all candidates, except that the examination may be divided as provided in Section 166.

Sec. 168. Examinations and Reports.—Examinations for licenses shall be given in at least four convenient places in this State and at least four times annually, in accordance with the regents rules, and shall be exclusively in writing and in English. Each examination shall be conducted by a regents examiner who shall not be one of the medical examiners. At the close of each examination the regents examiner in charge shall deliver the question and answer papers to the board or its duly authorized committee, who, without unnecessary delay, shall examine and mark the answers and transmit to the regents an official report, signed by its president and secretary, stating the standing of each candidate in each branch, his general average and whether the board recommends that a license be granted. Such report shall include the questions and answers and shall be filed in the public records of the University. If a candidate fails on first examination, he may, after not less than six months' further study, have a second examination without fee. If the failure is from illness or other cause satisfactory to the regents they may waive the required six months' study.

Sec. 169. Licenses.—On receiving from the State board an official report that an applicant has successfully passed the examinations and is recommended for license, the regents shall issue to him a license to practice according to the qualifications of the applicant. Every license shall be issued by the University under seal and shall be signed by each acting medical examiner and by the officer of the University who approved the credential which admitted the candidate to examination, and shall state that the licensee has given satisfactory evidence of fitness as to age, character, preliminary and medical education and all other matters required by law, and that after full examination he has been found properly qualified to practice. Applicants examined and licensed by other State examining boards registered by the regents as maintaining standards not lower than those provided by this article and applicants who matriculated in a New York State medical school before June 5, 1890, and who received the degree of doctor of medicine from a registered medical school before August 1, 1895, may without further examination, on payment of $25 to the regents and on submitting such evidence as they may require, receive from them an indorsement of their licenses or diplomas conferring all rights and privileges of a regents license issued after examination. The Commissioner of Education may in his discretion on the approval of the Board of Regents indorse a license or diploma of a physician from another State, provided the applicant has met all the preliminary and professional qualifications required for earning a license on examination in this State, has been in reputable practice for a period of ten years, and has reached a position of conceded eminence and authority in his profession. Any physician who was actually engaged in the practice of medicine in this State prior to September 1, 1891, and who failed to register, although eligible to do so at the time, or any physician, whose registration is not legal because of some error, misunderstanding or unintentional omission, may on the unanimous recommendation of the State Board of Medical Examiners that he has submitted satisfactory proof of having complied with all the requirements prescribed by law at the time of his failure to register, or his incomplete registration, receive from the regents under seal a certificate of the facts which may be registered by any county clerk and shall make valid his registration. Before any license is issued it shall be numbered and recorded in a book kept in the regents office, and its number shall be noted in the license; and a photograph of the licensee filed with the records. This record shall be open to public inspection, and in all legal proceedings shall have the same weight as evidence that is given to a record of conveyance of land.

Sec. 170. Registry; Revocation of License; Annulment of Registry.—Every license to practice medicine shall, before the licensee begins practice thereunder, be registered in a book kept in the clerk's office of the county where such practice is to be carried on, with name, residence, place and date of birth, and source, number and date of his license to practice. Before registering, each licensee shall file, to be kept in a bound volume in a county clerk's office, an affidavit of the above facts, and also that he is the person named in such license, and had, before receiving the same, complied with all requirements as to attendance, terms and amount of study and examinations required by law and the rules of the University as preliminary to the conferment thereof; that no money was paid for such license, except the regular fees paid by all applicants therefor; that no fraud, misrepresentation or mistake in any material regard was employed by any one or occurred in order that such license should be conferred. Every license, or if lost a copy thereof legally certified so as to be admissible as evidence, or a duly attested transcript of the record of its conferment, shall, before registering, be exhibited to the county clerk, who, only in case it was issued or indorsed as a license under seal by the regents, shall indorse or stamp on it the date and his name preceded by the words: "Registered as authority to practice medicine in the clerk's office of . . . county." The clerk shall thereupon give to every physician so registered a transcript of the entries in the register with a certificate, under seal that he has filed the prescribed affidavit. The licensee shall pay to the county clerk a total fee of $1 for registration, affidavit and certificate. The regents shall have power at any and all times to inquire into the identity of any person claiming to be a licensed or registered physician and after due service of notice in writing, require him to make reasonable proof, satisfactory to them, that he is the person licensed to practice medicine under the license by virtue of which he claims the privilege of this article. When the Regents find that a person claiming to be a physician, licensed under this Act, is not in fact the person to whom the license was issued, they shall reduce their findings to writing and file them in the office of the clerk of the county in which said person resides or practices medicine. Said certificate shall be prima facie evidence that the person mentioned therein is falsely impersonating a practitioner or a former practitioner of a like or different name. The regents may revoke the license of a practitioner of medicine, or annul his registration, or do both, in any of the following cases:

(a) A practitioner of medicine who is guilty of any fraud or decit in his practice, or who is guilty of a crime or misdemeanor, or who is guilty of any fraud or deceit by which he was admitted to practice; or

(b) Is an habitual drunkard or habitually addicted to the use of morphine, opium, cocaine, or other drugs having a similar effect; or

(c) Who undertakes or engages in any manner or by any ways or means whatsoever, to procure or perform any criminal abortion as the same is defined by Section 80 of the Penal Law; or

(d) Who offers or undertakes by any manner or means to violate any of the provisions of Section 1142 of the Penal Law.

Proceedings for revocation of a license or the annulment of registration shall be begun by filing a written charge or charges against the accused. These charges may be preferred by any person or corporation, or the regents may on their own motion direct the executive officer of the Board of Regents to prefer said charges. Said charges shall be filed with the executive officer of the Board of Regents, and a copy thereof filed with the secretary of the Board of Medical Examiners. The Board of Medical Examiners, when charges are preferred, shall designate three of their number as a committee to hear and determine said charges. A time and place for the hearing of said charges shall be fixed by said committee as soon as convenient, and a copy of the charges, together with a notice of the time and place when they will be heard and determined, shall be served upon the accused or his counsel, at least ten days before the date actually fixed for said hearing. Where personal service or service upon counsel can not be effected, and such fact is certified on oath by any person duly authorized to make legal service, the regents shall cause to be published for at least seven times, for at least twenty days prior to the hearing, in two daily papers in the county in which the physician was last known to practice, a notice to the effect that at a definite time and place a hearing will be had for the purpose of hearing charges against the physician upon an application to revoke his license. At said hearing the accused shall have the right to cross-examine the witnesses against him and to produce witnesses in his defense, and to appear personally or by counsel. The said committee shall make a written report of its findings and recommendations, to be signed by all its members, and the same shall be forthwith transmitted to the executive officer of the Board of Regents. If the said committee shall unanimously find that said charges, or any of them, are sustained, and shall unanimously recommend that the license of the accused be revoked or his registration be annulled, the regents may thereupon in their discretion, revoke said license or annul said registration, or do both. If the regents shall annul such registration, they shall forthwith transmit to the clerk of the county or counties in which said accused is registered as a physician, a certificate under their seal certifying that such registration has been annulled, and said clerk shall, upon receipt of said certificate, file the same and forthwith mark said registration "Annulled." Any person who shall practice medicine after his registration has been marked "Annulled" shall be deemed to have practiced medicine without registration. Where the license of any person has been revoked, or his registration has been annulled as herein provided, the regents may, after the expiration of one year, entertain an application for a new license, in like manner as original applications for licenses are entertained; and upon such new application they may in their discretion, exempt the applicant from the necessity of undergoing any examination.

Sec. 171. Registry in Another County.—A practicing physician having registered a lawful authority to practice medicine in one county, and removing such practice or part thereof to another county, or regularly engaging in practice or opening an office in another county or shall have his office, practice or any part thereof removed from one county to another by an Act of legislature creating a new county from a then existing county, thereby causing his office or practice to be situated in a new county shall show or send by registered mail to the clerk of such other or new county, his certificate of registration. If such certificate clearly shows that the original registration was of an authority issued under seal by the regents, or if the certificate itself is indorsed by the regents as entitled to registration, the clerk shall thereupon register the applicant in the latter or new county, on receipt of a fee of 25 cents, and shall stamp or indorse on such certificate the date and his name preceded by the words, "Registered also in ...... county," and return the certificate to the applicant.

Sec. 172. Certificate Presumptive Evidence; Unauthorized Registration and License Prohibited.—Every unrevoked certificate and indorsement of registry, made as provided in this article, shall be presumptive evidence in all courts and places, that the person named therein is legally registered. Hereafter no person shall register any authority to practice medicine unless it has been issued or indorsed as a license by the regents. No such registration shall be valid unless the authority registered constituted, at the time of registration, a license under the laws of the State then in force. No diploma or license conferred on a person not actually in attendance at the lectures, instruction and examinations of the school conferring the same, or not possessed at the time of its conferment of the requirements then demanded of medical students in this State as a condition of their being licensed so to practice, and no registration not in accordance with this article shall be lawful authority to practice medicine, nor shall the degree of doctor of medicine be conferred causa honoris or ad eundem, nor if previously conferred shall it be a qualification for such practice.

The CHARLES B. TOWNS HOSPITAL
293 Central Park West, NEW YORK CITY
For the Medical Treatment of Drug and Alcoholic Addiction by Scientific Hospital Methods.
Hydro-Electric Department of Unusual Completeness

Sec. 173. Construction of This Article.—The article shall not be construed to affect commissioned medical officers serving in the United States army, navy or marine hospital service, while so commissioned, or any one while actually serving without salary or professional fees on the resident medical staff of any legally incorporated hospital; or any legally registered dentist, exclusively engaged in practicing dentistry; or any person or manufacturer who mechanically fits or sells lenses, artificial eyes, limbs or other apparatus or appliances, or is engaged in the mechanical examination of eyes, for the purpose of constructing or adjusting spectacles, eyeglasses and lenses; or any lawfully qualified physician in other States or countries meeting legally registered physicians in this State in consultation; or any physician residing on a border of a neighboring State and duly licensed under the laws thereof to practice medicine therein, whose practice extends into this State, and who does not open an office or appoint a place to meet patients or receive calls within this State; or any physician duly registered in one county called to attend isolated cases in another county, but not residing or habitually practicing therein; or the furnishing of medical assistance in case of emergency; or the domestic administration of family remedies; or the practice of chiropody; or the practice of the religious tenets of any church. This article shall be construed to repeal all Acts or parts of Acts authorizing conferment of any degree in medicine causa honoris or ad eundem or otherwise than on students duly graduated after satisfactory completion of a preliminary medical course not less than that required by this article as a condition of license. It is further provided that any person who shall be actively engaged in the practice of osteopathy in the State of New York on the 13th day of May, 1907, and who shall present to the Board of Regents satisfactory evidence that he is a graduate in good standing of a regularly conducted school or college of osteopathy within the United States which at the time of his or her graduation required a course of study of two years or longer, including the subjects of anatomy, physiology, pathology, hygiene, chemistry, obstetrics, diagnosis and the theory and practice of osteopathy, with actual attendance of not less than twenty months, which facts shall be shown by his or her diploma and affidavit, shall upon application and payment of $10 be granted, without examination, a license to practice osteopathy, provided application for such license be made within six months after the 13th of May, 1907. A license to practice osteopathy shall not permit the holder thereof to administer drugs or perform surgery with the use of instruments. Licenses to practice osteopathy shall be registered in accordance with the provisions of this article and the word osteopath be included in such registration; and such license shall entitle the holder thereof to the use of the degree D. O., or doctor of osteopathy.

Sec. 174. Penalties and Their Collection.—Any person who, not being then lawfully authorized to practice medicine within this State and so registered according to law, shall practice medicine within this State without lawful registration or in violation of any provision of this article; and any person who shall buy, sell, or fraudulently obtain any medical diploma, license, record, or registration, or who shall aid or abet such buying, selling, or fradulently obtaining, or who shall practice medicine under cover of any medical diploma, license, record or registration illegally obtained, or signed, or issued unlawfully or under fraudulent representations, or mistake of fact in a material regard, or who, after conviction of a felony, shall attempt to practice medicine, or shall so practice, and any person who shall in connection with his name use any designation tending to imply or designate him as a practitioner of medicine within the meaning of this article without having registered in accordance therewith, or any person who shall practice medicine or advertise to practice medicine under a name other than his own, or any person not a registered physician who shall advertise to practice medicine, shall be guilty of a misdemeanor. Any person who shall practice medicine under a false or assumed name, or who shall falsely personate another practitioner or former practitioner of a like or different name, shall be guilty of a felony. When any prosecution under this article, or under Sections 80, 81, 82, 1142, 1747 of the Penal Law, and any amendments thereto, is made on the complaint of any incorporated medical society of the State, or any county medical society entitled to representation in a State society, any fines collected shall be paid to the society making the complaint, and any excess of the amount of fines so paid over the expense incurred by the said society in enforcing the medical laws of this State, shall be paid at the end of the year to the county treasurer.

LAKE D B & C LINES

For Business and Pleasure Trips Use D & C Line Steamers

The Delights of a Lake Trip

REST after work is necessary to human endurance, and holidays are a wise economy. The Great Lakes of America offer more vacation opportunities than any other source in the country. The steamers of the Detroit and Cleveland Navigation Company operating to all important ports are unrivalled in point of elegance, comfort and quality of service—the perfect freedom offered by the saloon and promenade decks, the commodious state rooms, luxurious furnishings and excellence of cuisine make life aboard these floating palaces, a solace to the weary mind and body.

WHERE YOU CAN GO

Daily service is operated between Buffalo and Detroit, Detroit and Cleveland, four trips weekly between Toledo, Detroit and Mackinac Island, the historic summer resort of the North Country, and from June 25 to Sept. 10 a special steamer will be in commission between Cleveland and Mackinac Island, stopping at Detroit enroute every trip. During July and August special daylight trips between Detroit and Cleveland.

RAILROAD TICKETS AVAILABLE

Tickets reading via any rail line between Buffalo and Detroit, Detroit and Cleveland will be honored for transportation on D. & C. Line Steamers in either direction. Send 2 cent stamp for illustrated pamphlet and Great Lakes Map. Address L. G. LEWIS, G. P. A. Detroit, Mich.
